

DESCRIBED VIDEO (DV) EXAMPLE: “FOR REALS”

Transcribed by: Adrienne Smith & David Widman - Humber College

NARRATOR: Realtor Kelly Rowe is confident she’s found the perfect home for apprehensive clients, Robin and Jeff.

MAN: She sets up an “open house” sign.

NARRATOR: Now she just needs to convince them.

MAN: A couple approach the two-storey, semi-detached home. They walk up the brick path.

KELLY: This is a great home for Robin and Jeff. Two-storey, three-bedroom, semi-detached. I really believe this house will sell itself.

[Doorbell rings]

[On-screen graphic: FOR REALS]

NARRATOR: For Reals.

KELLY: Hi, guys! It’s great to see you again. Come on in. So, we’ll go onto the left here, into the living room.

MAN: Dimensions 13 by 12, with a front window.

KELLY: So, what do you think?

ROBIN: It’s nice.

KELLY: So far, so good?

ROBIN: Yeah, absolutely.

JEFF: Light’s okay.

KELLY: So, come on through here.

MAN: Through an archway, to the dining room.

KELLY: Hardwood straight throughout, which is really nice. There’s no seam or break in the floor. Space okay?

ROBIN: It’s a little small.

MAN: Jeff checks out a large bay window.

ROBIN: What do you think, love?

JEFF: A little bigger, maybe, yeah, I agree.

ROBIN: I guess we could knock this out.

MAN: A wall.

KELLY: Absolutely. That’ll give it a beautiful open concept feel, you’re looking at the staircase. So, come on through here.

MAN: They head to the kitchen.

KELLY: And... what do you think?

MAN: It's 15 by 12.

JEFF: It's nice.

KELLY: It's a nice size.

ROBIN: It is.

KELLY: What do you think of the counters?

MAN: They're old and pale yellow.

ROBIN: I think they could use some changing.

JEFF: It's a bit bold.

ROBIN: Do these come with the house?

KELLY: They do.

MAN: All stainless steel appliances.

KELLY: And then, this comes with it as well.

ROBIN: It's great to have a dishwasher.

JEFF: And great light coming in from the windows over here.

MAN: He motions to a back window.

KELLY: So... how do you feel? Maybe an option?

ROBIN: Maybe an option?

KELLY: Want to see the room upstairs?

ROBIN: Absolutely.

KELLY: Yeah? Okay, come on.

MAN: They walk up to the second floor.

ROBIN: This is nice.

KELLY: You'll see a room straight ahead. It's not huge.

MAN: 10 by 10.

KELLY: It can be used as an office. Bathroom.

JEFF: This is nice.

KELLY: It's a four-piece bath.

MAN: With a granite counter.

JEFF: Nice under-counter sink there.

ROBIN: Another bedroom.

MAN: 11 by 12.

JEFF: That's okay for size.

KELLY: And then we end up in the master.

MAN: At the end of the hall, it measures 13 by 11.

KELLY: It's a nice space.

MAN: They examine a front-facing bay window.

JEFF: And this is nice.

KELLY: It is. Same as downstairs.

JEFF: Matches downstairs?

KELLY: Yeah.

JEFF: Great.

ROBIN: Do you think ours is the same size?

JEFF: I think ours would fit.

MAN: They look to the large bed.

KELLY: This is a king.

ROBIN: Okay.

KELLY: So there's a lot of room.

JEFF: The floors are different. The light blonde laminate here is different than the old wood downstairs.

KELLY: Mm-hmm.

ROBIN: But if we're gonna redo downstairs, then we might as well redo upstairs.

JEFF: One more thing.

ROBIN: What about the space in here?

KELLY: It's not bad.

MAN: She opens a narrow clothes closet.

ROBIN: I don't know.

JEFF: It's small.

ROBIN: We have a lot of stuff.

JEFF: Yeah.

ROBIN: Do you want to see a couple more before we decide?

JEFF: I think that's best.

ROBIN: Okay.

KELLY: I think that's a good idea, for sure. Okay. Do you want to have a look at the backyard?

ROBIN: Absolutely.
