WE ARE HUMBER

Set your future. humber.ca
Follow these steps to get into your dream program at Humber

1. RESEARCH PROGRAMS
   Visit humber.ca/programs to find information about all of our programs.

2. APPLY TO HUMBER
   Apply to Humber through ontariocolleges.ca.

3. TRACK YOUR APPLICATION
   Track the status of your application through Humber’s student portal humber.ca/myhumber.

4. RECEIVE YOUR OFFER
   Congratulations! You’ve received an offer of admission via email and a Humber Welcome Package in the mail.

5. CONFIRM YOUR OFFER
   Confirm your offer through ontariocolleges.ca.

6. YOUR NEXT STEPS
   Many programs require placement testing. This testing is not for admission. Check your email for information on booking a test date.

7. PAY YOUR FEES
   Find information about applying for bursaries, scholarships and the Ontario Student Assistance Program (OSAP) at humber.ca/financial-aid.

8. REGISTER FOR CLASSES
   Register for classes online at humber.ca/myhumber.
   Check important dates at humber.ca/academic-calendar.

9. ATTEND ORIENTATION
   Find out where your classes are and learn more about student services. Visit humber.ca/orientation.

10. YOU’VE ARRIVED
    Welcome to your first day at Humber!

There is an interactive version of this road map online at: humber.ca/admissionsroadmap.
“Humber bridges the gap between theoretical learning and hands-on experience which is what employers in my field want.”

— Bogdan, Electromechanical Engineering Technology, Advanced Diploma

To find out more about Bogdan’s experience at Humber, see page 9.
A Humber education helps you go from classroom to career gaining real-world experience along the way.

Richard

1. **HIGH SCHOOL**
   Richard graduates from high school and plans on becoming a chef.

2. **CERTIFICATE**
   Richard completes a Culinary Skills certificate at Humber.

3. **WORK**
   Richard works for more than a decade in the culinary industry.

4. **DIPLOMA**
   Richard completes a Social Service Worker diploma at Sheridan College.

5. **DEGREE**
   Richard continues his education in Humber’s Bachelor of Community Development.

To find out more about Richard’s experience at Humber, see page 10.

Haydn

1. **HIGH SCHOOL**
   Haydn graduates from high school and plans a career in advertising.

2. **DIPLOMA**
   Haydn enrols at Humber and completes the Advertising and Marketing Communications diploma program.

3. **DEGREE**
   Haydn continues his studies at Humber working towards receiving a bachelor’s degree in Public Relations.

To find out more about Haydn’s experience at Humber, see page 18.
Why Humber

Because we are focused on your future.

With technology rapidly advancing, a Humber education will help you chart a sure path to your career and keep you in the know about changing trends in the professional world.

Our programs blend theory and hands-on learning, giving you the opportunity to gain practical experience in-class and on-the-job.

You’ll learn from professors with industry experience who know what skills are in demand.

You’ll have the option to select from a wide range of credentials including certificates, diplomas, advanced diplomas, degrees and Ontario graduate certificates.

You’ll be able to get the credit you deserve and further your education through many pathways and transfer opportunities.

With our diverse experiential learning opportunities ranging from placements, internships, applied research projects and more, you’ll be even closer to your dream career by the time you graduate.

Monica

1 HIGH SCHOOL
Monica graduates from high school and decides to pursue a business education.

2 DIPLOMA
Monica enrols in the Business Management diploma at Humber.

3 WORK
Monica begins working as the President of IGNITE (Student Government) while completing her diploma.

4 ADVANCED DIPLOMA
To build on her education, Monica decides to pursue the Business Administration advanced diploma at Humber.

To find our more about Monica’s experience at Humber, see page 28.
A Humber education prepares you to take on a rapidly changing world — no matter which program you choose.

We have more than 200 full-time programs and a wide range of credentials across a variety of areas of interest, all designed to meet your academic and career goals.

**CREDENTIALS**

**Foundation Programs** (two to three semesters)
Our foundation certificates allow you to gain or upgrade the skills you need to pursue further studies. These programs will help you build a portfolio and hone your skills.

**Certificates** (two to three semesters)
One-year certificates allow you to establish a foundation of knowledge in a given field or upgrade your skills in your current career.

**Apprenticeships** (three to five years)
Apprenticeships give you the opportunity to learn an in-demand skill in a variety of fields. We help get you ready for the workplace through the in-school training component.

**Diplomas** (four to six semesters)
Our career-focused diplomas are designed to give you specialized knowledge, enabling you to be work-ready when you graduate.

**Bachelor’s Degrees** (four years)
Our honours bachelor’s degrees give you the ideal balance of theoretical knowledge and practical, career-oriented experience. We combine the highest academic standards with exceptional work and clinical placements.

**Ontario Graduate Certificates** (two to four semesters)
Intended for students who already have a bachelor’s degree or an appropriate postsecondary credential, an Ontario graduate certificate will give you specialized knowledge in your field of interest and prepare you for career success.

**AREAS OF INTEREST**

- Applied Technology & Engineering
- Business, Accounting & Management
- Children & Youth
- Community & Social Services
- Creative Arts & Design
- Emergency Services
- Fashion & Esthetics
- Foundations & Language Training
- Health & Wellness
- Hospitality & Tourism
- Information, Computer & Digital Technology
- International Development
- Justice & Legal Studies
- Media, Public Relations & Marketing
- Music & Performing Arts
- Skilled Trades & Apprenticeships

For a complete list of programs, visit [humber.ca/programs](http://humber.ca/programs).
Get the Credit You Deserve

Are you a Transfer Student?
You are a transfer student if you have completed or partially completed a program at a college or university and wish to continue your studies at Humber.

As a transfer student, you can follow one of three paths:

**Transfer In**
You want to transfer credits or credentials from another college or university or apply for credit based on prior work or life experience.

**Transfer Within**
You are a Humber student or graduate wanting to transfer credits or a completed credential into another Humber program.

**Transfer Out**
If you’re looking to advance your education beyond Humber with another credential, Humber has transfer agreements with many postsecondary institutions throughout Canada and abroad.

---

**Transfer Credits**
If you have completed a similar course at another recognized postsecondary institution, you may be eligible to receive transfer credit(s) toward your Humber program. Use our step-by-step guide and online database to get you started.

**Diploma to Degree Block Transfer Credit**
Complete your degree with us in less time. Graduates of Humber’s many Ontario college diploma programs may be eligible for block transfer credit into one of Humber’s bachelor’s degree programs.*

**Prior Learning Assessment and Recognition (PLAR)**
PLAR is designed to recognize relevant learning acquired through life and work experience and translate this learning into college credit.

To learn more, contact a transfer advisor at transferoptions@humber.ca or visit humber.ca/transferoptions.

---

*Graduates of similar Ontario diplomas may also be eligible for block transfer credit into a Humber degree program if their diploma program has the same program learning outcomes as the Humber diploma. Please note that diploma graduates may be required to take courses offered in lower semesters in order to meet the overall degree learning outcomes. Specific program grade point averages (GPAs) and subject requirements are required for admission.

---

**HUMBER-SENeca POLYTECHNIC PARTNERSHIP**

The Humber-Seneca Polytechnic Partnership (HSPP) promotes co-operation and collaboration between Humber College and Seneca College while enhancing and expanding learning opportunities for students at both institutions.

Through the HSPP, we are identifying potential transfer pathways between diplomas and degrees at both Humber and Seneca. This partnership will also include joint efforts on developing and planning programs, creating shared curriculum and expanding program offerings. Leveraging our combined strengths as providers of comprehensive polytechnic education, we’ll work with Seneca to provide you with broader options and greater access to world-class education.
Defining your path to academic and career success.

You’re ready to begin your postsecondary education, but need to improve your grades or want to explore your options — we have programs to help you meet your goals.

For more information, visit humber.ca/transferoptions.

**FOUNDATION PROGRAMS**

Our foundational pathways get you ready for postsecondary education and help you make an informed choice.

**Art Foundation**
This program offers you a comprehensive foundation in the basics of visual arts. Working in a studio environment, you’ll explore the creative process with different types of media.

**Design Foundation**
This program gives you the skills to put your creative flair and interest in visual arts into focus. Train in professional design with a diverse curriculum that features courses in interior, graphic and industrial design.

**Media Foundation**
With small class sizes and expert instruction in design, writing and computer skills, this program is an excellent stepping stone to more specialized media career training.

**GENERAL ARTS AND SCIENCE**

If your goal is to earn a full diploma and go on to degree-level studies, Humber’s General Arts and Science — University Transfer diploma program is a great choice for you. There are more than 25 degree programs offered at Humber where you can continue your studies.

**College or University Transfer** (two or four semesters)
Prepare for further study at college or university with a program combining humanities, math and science courses with instruction in academic writing and critical thinking skills. After four semesters, you may gain advanced standing in degree programs at Humber and other institutions.

**Pre-Health Sciences Pathway to Advanced Diplomas and Degrees** (two semesters)
If you’re interested in a career in health sciences, this program will help you build the basic science and mathematics knowledge you’ll need. You’ll learn writing and critical thinking skills along with foundational knowledge of biology, chemistry, anatomy and physiology.

**Technology** (two semesters)
Gain important background knowledge in physics, chemistry, computer applications, AutoCAD and math, coupled with academic writing and critical thinking.

For more information, visit liberalarts.humber.ca/departments/general-arts-and-science.
It's never too early to plan your next step.
Humber graduates and students that have completed similar programs at a recognized Ontario postsecondary institution can apply previous learning towards a new Humber credential.

100+ Diploma to degree pathway opportunities
60+ Pathways with partners in Ontario, Canada and abroad

$2,500 Diploma to Degree scholarships to students entering any Humber degree program*

*Graduates must have a 80 per cent overall GPA in their Ontario College diploma program to be eligible for $2,500.00 scholarship.

“In my diploma, I fell in love with marketing and everything that it offered. After much deliberation, I decided to continue and get my degree here at Humber College. The transfer process was painless. All of my transfer credits were applied automatically and now I am getting a diploma and a degree in five years. Through the ups and downs of my college experience, Humber has been with me every step of the way.”

— Carter, Business Management, Diploma; Bachelor of Commerce – Marketing, Degree
Industry connections and experiential learning opportunities
"Alongside my training and Skills Competitions, I was also provided with a fantastic opportunity to work in conjunction with SEW-EURODRIVE for my final year project. I was tasked with developing a new Automated Guided Vehicle system to be used to demonstrate and act as a test platform for upcoming SEW-EURODRIVE projects.

Projects like this allow you to work directly with industry partners. SEW is one of the main partners for the Barrett Centre for Technology Innovation, allowing students to work with their technology and gather first-hand experience developing real solutions for actual industrial challenges."

— Bogdan, Electromechanical Engineering Technology, Advanced Diploma

Putting Theory into Practice

From field placements, practicums, clinical placements, co-operative education work terms, internships, applied research projects, to service learning, we help you gain valuable industry experience that gives you an advantage in a competitive job market.

In small classes, you will connect with expert faculty who have extensive industry experience. They know what employers are looking for and have connections and advice that can help even after you graduate. You can work with industry partners to help solve real-world problems or work with us to explore how to start your own business.

“You are always networking and meeting new people who can offer advice and help you grow.”

Humber provides opportunities to learn from past graduates and faculty who are also working in the industry. The faculty know how to prepare you for when you graduate and start your own career. I believe this is one of the biggest benefits driving students to Humber along with the hands-on experience from start to finish.”

— Bria, Comedy Writing and Performance, Diploma
Working together for the greater good of the community.

Before enrolling in the Bachelor of Community Development program at Humber, Richard graduated with honours from the Social Service Worker program at another college and was awarded the Practicum Excellence Award.

“Prior to working and studying in the community services sector, I was a chef for more than ten years, working in restaurants and running my own catering business. I graduated from Humber’s Culinary Skills program in 2003.

As much as I loved creating in the kitchen, I did not feel fulfilled and wanted to serve the community. I decided to change careers and go back to school, which was by far the best decision I’ve made in my life.

As someone who currently works as a Youth Facilitator at a local agency, I know the issues that affect the community first-hand. I really appreciate how the Bachelor of Community Development program challenges us by addressing those issues and encourages us to work collectively towards finding solutions. I am also extremely grateful for our in-class experience and our professors that are always supportive by giving us the tools and skills necessary to create change in the real world. Students are encouraged to work together for the greater good of the community. For the past few years, my program has worked together on numerous campaigns including, Chew on This! — Dignity for All, focusing on eradicating poverty in Canada. As my classmates and I enter third year, we will have the opportunity to choose our 14-week field placement where we will get to experience work in a real-life setting.

All the courses in our program are essential to our learning, but one class that I found important was a course called Group Dynamics, where we learned how to work with others in a diverse setting.”

Richard

BACHELOR OF COMMUNITY DEVELOPMENT, DEGREE

Graduates from this program find careers like:

- Community outreach worker
- Environmental justice worker
- Anti-poverty worker
- Community development officer
- Participatory action researcher
- Volunteer coordinator
“I can’t say enough about the positive aspects of our school. If you choose Humber, you’ll feel right at home from day one. This program has given me the opportunity to network with many key individuals in the industry, which will help me in the future. More importantly, I’ve met students who have become lifelong friends and that’s the most fulfilling part of being a part of this school and program.”

— Richard, Bachelor of Community Development, Degree
Humber has campuses in the GTA and Orangeville

NORTH CAMPUS

The North Campus is a complete community with everything you need right on campus. Whether you want to practise your hands-on skills, grab a bite, collaborate on a project, try a fitness class or have some fun, you’ll find it all on campus.
• Digital media studios, radio station and television broadcasting facilities
• State-of-the-art labs supporting health sciences and technology programs
• The Design Centre, an open concept, studio style setup where our design programs are based
• The Barrett Centre for Technology Innovation is a new 93,000 sq. ft. centre building on Humber’s expertise in areas such as automation, robotics, systems integration, user experience testing, applied research and work-integrated learning. With equipment that is unique to North America, key features include interactive technology zones, digital media studios, cutting-edge prototyping and maker spaces, open concept gathering spaces and demonstration areas for new products and technologies.
• The Humber Golf Lab is equipped with the latest high-tech simulator and golf equipment fitting tools and is the only one of its kind across all Canadian colleges
• The Centre for Urban Ecology, a sustainably designed building for educational programs set in our 250-acre arboretum
• The Canadian Centre of Culinary Arts and Sciences, home to our culinary programs, and the Humber Food Truck — a unique mobile classroom and delicious lunch option
• The Humber Spa, a full-service spa and boutique staffed by esthetician/spa management and cosmetic management students
• North Space Gallery explores the ways digital technologies are shaping teaching and learning through a diverse range of exhibitions and events
• Aboriginal Resource Centre and Indigenous Cultural Marker “Anishinaabeyaadiziwin Miikana” which represents the 7 Stages of Life, as told within the Anishinaabe Life Path story
LAKESHORE CAMPUS

The Lakeshore Campus combines beautiful lakefront parkland and historic buildings with high-tech classrooms and labs. Explore local shops, bike the trails and take in the Toronto skyline.

- Lakeshore Commons building with airy, open common areas and workspaces, computer labs, multi-media production suites, an art gallery and a cafeteria
- Student Welcome and Resource Centre with health and counselling services
- Black box theatre and theatre production workshops
- Professional recording studio, as well as practice rooms and performance spaces
- Digital media production studios
- The Centre for Entrepreneurship, our innovation incubator
- The Fashion Institute, home of our Fashion Management degree program
- The Centre for Justice Leadership, which includes a simulated crime scene lab, interrogation rooms and a mock court of justice
- Lakeshore Grounds Interpretive Centre, a space dedicated to telling the history of the campus’s location
- A 360-degree, high-speed driving simulator for our Police Foundations students
- A simulated stock exchange trading floor
- The L Space Gallery is an academic gallery and alternative learning space that helps to facilitate new partnership opportunities, expand creative practices, and create experiential learning opportunities
- Aboriginal Resource Centre and Indigenous Cultural Markers which represents the migration of the Anishinaabe in the region
ORANGEVILLE CAMPUS

The Orangeville Campus is home to a close-knit student community and an intimate learning environment. You’ll have access to first-rate recreation facilities, classrooms and computer labs.

- Home to more than 200 full-time students
- Local campus and in-the-community events offer lots of opportunities for students to interact and learn
- Study in wireless classrooms, along with a student commons and computer lab
- On-site fitness centre including a swimming pool, two hockey rinks, and a pickleball court
- A library
- A food court

SUSTAINABILITY AT HUMBER

1st Ontario college to have multiple campuses designated as a Fair Trade Campus. North and Lakeshore campuses’ fair trade certifications support fair wages and good living conditions for farmers and workers.

200+ Bikes can be parked in secured bike rooms at North and Lakeshore campuses

4 Years in a row, Humber recognized as one of Canada’s Greenest Employers

3 Car-share vehicles on campus for Humber community use

14 Beehives at North and Lakeshore campuses

20 Electric vehicle charging stations at North and Lakeshore campuses — the most of any Ontario postsecondary institution

700kW The Barrett Centre for Technology Innovation is a net-zero building, offset by the largest solar array (700kW) installed at any Ontario college

5 Million+ Plastic water bottles saved from landfill using campus water stations (Since 2014)
“When I was a student at Humber, there was a student club dedicated to the LGBTQ+ community. A lot has changed since then and Humber continues to expand its outreach to support diverse communities.”

— Matthew, Child and Youth Worker program graduate, (presently known as the Child and Youth Care Advanced Diploma program); Student Diversity and Inclusion Initiatives Coordinator, LGBTQ+ Resource Centre

COMMUNITY CONNECTIONS

The Aboriginal Resource Centre (ARC) works in partnership with regional Aboriginal communities to ensure Aboriginal students are supported and connected to their learning environment — academically, culturally and socially. Explore your roots or learn more about Indigenous peoples at the ARC.

humber.ca/aboriginal

Black Academic Success & Engagement (BASE) supports the development of practices that foster and enhance academic success among African, Black and Caribbean students.

humber.ca/thebase

IGNITE, the Humber and Guelph-Humber student government, is your access to an exciting and fulfilling campus life. Go to events, join clubs — or take a nap in the sleep lounge.

ignitestudentlife.com

The LGBTQ+ Resource Centre works to promote safer, braver, positive spaces at Humber and offers a dedicated space at both the North and Lakeshore Campuses for students to connect with one another, access resources and build community.

humber.ca/lgbtq

The Student Wellness & Accessibility Centre provides services to help, whether you have a stubborn headache or need someone to talk to. The Centre promotes an environment that is wellness-enhancing, inclusive, and welcoming to students.

humber.ca/student-life/swac
“I chose Humber because of the Aboriginal Resource Centre (ARC). The college offers one of the largest spaces to support Aboriginal communities and the staff is very helpful in all aspects of student experiences and learning.

“In addition to my education, one of the most amazing experiences I had was participating in The BASE program. This program was a huge part of my success story at Humber. It is intended to support engagement and graduation rates of students who identify as African, Black, and Caribbean. It also offers students a safe place on campus where they can feel unity and belonging while building lasting connections with others.

The BASE aims to connect Black students with their full potential, and it helped me stay grounded and feel connected to the school.”

— Efe, Community and Justice Services Diploma graduate; Student Support Advisor, The BASE program

At the ARC, I have enjoyed participating in many social events — including “Fitnish” which plays off words from Anishinaabe and the word “fitness.” It brings students together and focuses on providing health and wellness opportunities for students. When students enter postsecondary education, they begin to focus less on their physical and mental health and mainly pay attention to their schooling. This program invites students to meet new people, work out together and participate in field trips like rock climbing, skating at the Harbourfront Centre and more.”

— Emma, Media Communications, Diploma
Curriculum that includes real-life situations proves invaluable.

At Humber, students like Haydn continue to benefit from learning that supports a smooth transition to employment.

“I’m currently a Bachelor of Public Relations student and a graduate of the Advertising and Marketing Communications diploma at Humber. The first program I completed at Humber was so rewarding because it allowed me to learn more about myself and helped me find specific strengths in an industry that requires versatile skills.

It was clear to me that my strongest skill set was in communications, so I decided to pursue a degree in public relations to further enhance my abilities in this field. My favourite aspect of the public relations program is the real-life experiences the program offers. All of our assignments are based on real situations or involve real clients, which is invaluable for our portfolios.

Our program gave us the opportunity to create an internal communications plan for the Theatre Museum of Canada and helped craft marketing tools for the Humber Resource Centre.

The network on campus, the skilled industry-relevant professors, and the services provided by Humber are priceless and open many opportunities throughout your career. Whether I’m volunteering, visiting a networking event, or at a job interview, Humber PR is often talked about positively in conversation.

As an avid member of Humber College’s student community, I am also a part-time employee. One of my roles involves student engagement in Humber Athletics where I’m able to motivate and encourage students through my passion for health, fitness and recreation. My other position at Humber is with a student-operated organization called Building F: Centre for Creative Business Collaboration. Building F brings marketers and agencies together with students across all programs in order to produce strategic creative content and technological solutions; they’re the hub for client-student projects. This job allows me to enhance my relationships with students and faculty at Humber while also helping provide programs with real client-based initiatives.”

Haydn
BACHELOR OF PUBLIC RELATIONS, DEGREE

| High School | Advertising and Marketing Communications Diploma | Bachelor's Degree in Public Relations |

Graduates from this program find careers like:

- Change Management
- Community Relations
- Corporate Philanthropy
- Internal Communications and Employee Engagement
- Investor and Government Relations
- Marketing and Communications
- Media Relations
- Digital Media Management
“In my time with Humber I’ve been fortunate enough to intern with the Toronto Sports Council as a marketing officer and have been recently accepted by the Toronto Region Board of Trade as a marketing and membership intern. This is just the beginning of my endeavours as a business professional, I can’t wait to see where my education and drive for success takes me next.”
— Haydn, Bachelor of Public Relations, Degree
Humber has set the goal to become the healthiest campus in Canada.

Health and wellness are always top of mind, and students can take advantage of the benefits on campus every day.

You can get outside and enjoy the beautiful scenery at the North and Lakeshore campuses while getting a breath of fresh air and some vitamin D.

At any of Humber’s three campuses, you can stay healthy and fit and leave your stress behind at the fitness centre year-round. Humber also has a team of certified wellness and fitness professionals available on campus.
“Whether you are participating in sports to relieve stress or boost your energy, Humber sports and clubs offer a sense of belonging.”
— Daniel, Business Administration, Advanced Diploma and Intramural athlete

Humber is the first public college or polytechnic in Canada to adopt the Okanagan Charter, an International Charter for Health Promoting Universities and Colleges.

The Humber Food Learning Garden is a collaborative project by Humber’s Arboretum and Centre of Innovation in Health & Wellness where students and the local community learn about local food harvesting, sustainable agriculture, food security, and healthy living.

Humber’s North Campus Massage Therapy Clinic offers appointments to anyone — faculty, staff, students and members of the public with students in the Massage Therapy program.

Humber was the first Canadian college to introduce Mamava providing a private space to pump or breast/chestfeed on campus.

The Tzu Chi Clinic of Traditional Chinese Medicine (TCM) provides a unique healthcare option to students and staff. Humber TCM students perform procedures supervised by professional, registered practitioners.

The Humber Spa is a full-service classroom and retail boutique open to the public. Students manage the administrative functions and work under the guidance of qualified instructors providing facials, hand and foot care, and body treatments.

You can also join one of Humber’s many varsity or intramural/extramural teams which are open to participants of all skill levels.

VARSITY ATHLETICS — 2018/2019

The Humber Hawks have won more CCAA Championships than any other school in the country.

- 4 National Gold Medals
- 9 Provincial Gold Medals
- 9 Athletes named academic all-Canadians
- 54 Players were provincial academic all-stars

Humber Hawks lead overall medal counts:
- 131 nationally
- 590 provincially

Explore different cultures and learn from new perspectives through global learning opportunities.

Along with eight other students from the Media Communications program, Nithya jumped on the opportunity to travel to China to capture different surroundings, explore unfamiliar cultures and discover new friendships on the other side of the globe.

“Shenzhen Polytechnic provided spaces for us to collaborate, plan and discuss how we could combine our efforts to create a collaborative multimedia piece. We spent the week sharing authentic Chinese meals and adventurous experiences both across campus and around the city of Shenzhen, all while capturing photos and video from both points of view to generate content for our shared multimedia piece. What I found most rewarding about the experience were the connections we forged with both the students and faculty of Shenzhen Polytechnic. Although we didn’t necessarily share a common language, educational system, or background — we found more commonalities than I think any of us could have anticipated. Overcoming communication and cultural barriers only to find out how similar our humour, passions and dreams really are was one of the most fulfilling parts of the cultural exchange experience. The hospitality and overwhelming generosity we received is something I hope to carry with me and emulate in any future cross-cultural experiences in my career.”

Each year more than 500 Humber students go abroad for enriching study or work experiences and participate in international learning on-campus.
“I was intrigued by the idea of a cultural and multimedia exchange with students who would bring an entirely different perspective, upbringing and creative lens to the table.”

— Nithya, Bachelor of Digital Communications, Degree
“I used Humber Career Services when I was applying for employment opportunities related to my program. Their staff helped tailor my resumé and cover letter specifically for the position I wanted, and I ended up getting hired.”

— Aimee, Bachelor of Nursing, Degree
Whether you need academic or personal help, we have services on campus to assist you.

Struggling to write a paper or solve a tricky math equation? Staff in our writing and math centres can help with that. Looking for a part-time or summer job? Stop by our Academic and Career Success Centre. Worried about making ends meet? Stop by the Financial Aid Office to see if you are eligible for a scholarship or bursary.

### Aboriginal Resource Centre
Aboriginal students have access to an Elder, study area, peer mentoring and cultural activities. We have everything you need to get connected and build community.

### Academic Advising & Support
Finding the right fit in an academic program and making the grade can be exciting and challenging. We have academic advisors, tutors, writing and math specialists who are ready to help.

### Accessibility Learning Services
Students with disabilities are entitled to be accommodated at college. Our accessibility consultants will help you address potential barriers so that you can focus on your studies and succeed.

### Athletics & Recreation
The best place to leave stress behind is the gym. Varsity and intramural/extramural teams are seasonal. Fitness classes and the fitness centres are open year-round to work up a sweat.

### Career Services
Landing the job will require more than a firm handshake. We have experienced advisors who can review your resumé, show you how to job search, and prepare for the interview.

### Campus Security
Humber Public Safety ensures all students, staff and visitors have a safe and pleasant experience at the college. Security is available 24 hours a day should you need assistance.
**Counselling Services**

It can feel impossible to study when you’ve got something big on your mind. We’re here to talk and have a dedicated team of professional counsellors who provide free, confidential support.

**Financial Aid**

A challenge for any student is balancing new financial demands with a limited income. We have information on awards, bursaries and grants to help you.

**First Year Life**

You’re ready to dive into college life but might want help figuring out how it all works. We’re here to help, from orientation week all the way to final exams with everything from meeting new people to just getting off to a great start.

**Food Services**

We’ve got your fuel. Choose from a variety of tasty options, including Halal, vegan or vegetarian. It’s easy to find healthy food and a place to grab a coffee with friends on campus.

**Get Involved**

Do you want to develop leadership skills, volunteer in the community, be active in student government or just meet new friends? Introduce yourself — we’ll show you how to take it from there.

**Health Services**

Is there a doctor in the house? You bet. We have a great team of doctors and nurses ready to assist you.

**Residence & Housing**

Is it time to have new keys cut? Looking for a place to call your own or would you rather share with roommates? Let us help you open new doors and build.

**Rights & Responsibilities**

As a student, you have the right to come to school in a harassment — and discrimination-free environment — and the responsibility to treat your classmates, professors and staff with respect.

“It is great to see Humber support students and offer opportunities to help us grow and succeed.”

— Michael, Pharmacy Technician, Diploma
“It is great to work with many of the professors who are not only industry professionals, but also dedicated individuals who help students reach their maximum potential.”

— Monica, Business Administration, Advanced Diploma and President of IGNITE (Student Government) for Humber and the University of Guelph-Humber
Improving the lives of students within the Humber community.

Students like Monica enjoy learning about the various aspects of business and the opportunities to apply their learning through case studies and group work.

“Across the college, you can see the efforts Humber makes to help build a strong sense of community. What I value most about Humber are the people. Meeting diverse people of different characters, backgrounds, religions and ethnicities always makes for great and memorable conversations.

In supporting these efforts, I am the president of the IGNITE Student Union. IGNITE and Student Wellness & Accessibility Centre (SWAC) strive to make the life of students easier and enhance their experience on campus. Some of our efforts include supporting overall student health and wellness by providing a flexible health and dental plan. SWAC provides students with one-on-one counselling support, confidential health services and accessible learning services, contributing to a healthy, positive and inclusive learning experience.

Recently, Humber and IGNITE have worked together on two large projects aimed at improving the lives of students within the Humber and Guelph-Humber community.

The Soupbar is a pay-what-you-can service that addresses student hunger on campus and strives to eliminate food waste within the broader community. It provides students in financial need with an open and inclusive way to obtain a meal. Whether a student has $2 or less, they are able to enjoy a hot bowl of soup made from donated organic vegetables and produce from Humber Arboretum’s Food Learning Garden.

We also helped lead the Dispute Resolution Clinic (DRC). The Clinic helps students manage their conflicts on and off campus. In partnership with the Faculty of Business and the Office of Student Conduct, the DRC offer students advice through conflict coaching, conflict mediation, and conflict management workshops.

We are proud of our efforts for students.”

Monica
BUSINESS ADMINISTRATION, ADVANCED DIPLOMA

Graduates from this program find careers like:

- Marketing Researcher
- Merchandising Manager
- Budget Analyst
- Sales Representative
- Financial Planner
- Human Resources Administrator
- Advertising Account Co-ordinator
- Event Planner
You want a great education and we want to help you get one. There are many ways to make that possible.

AWARDS AND SCHOLARSHIPS

Scholarships and awards are given to students based on merit and academic achievement. We can also help you find information about application-based scholarships both from Humber and from external sources. We awarded more than 1,000 awards and scholarships to eligible students last year, including entrance scholarships and awards for academic achievement.

To learn more, visit humber.ca/studentawards.

BURSARIES

Humber is dedicated to providing you with a number of bursaries to successfully pursue your education while managing your finances. Bursaries are available for certificate, diploma, and degree programs and are awarded primarily based on financial need, although academic excellence, extracurricular activities, and community involvement may all be considered. Residency restrictions may apply.

To learn more, visit humber.ca/admissions/financial-aid/scholarships-bursaries.

DEGREE SCHOLARSHIPS

To recognize academic achievement, Humber offers a number of scholarships to assist you with the costs of your postsecondary education. Scholarships primarily recognize and reward academic excellence, although extracurricular activities, community involvement, and financial need may be considered. Humber awards degree scholarships automatically to graduating high school students based on academic achievement.

To learn more, visit humber.ca/financial-aid.

DIPLOMA TO DEGREE TRANSFER STUDENT SCHOLARSHIPS

Humber awards degree scholarships to students entering any Humber honours bachelor’s degree program who have completed a two- or three-year diploma from a publicly funded college. Students who have achieved a program GPA of 80 per cent or higher will be awarded a one-time scholarship of $2,500. Diplomas do not have to be related to the degree program of choice and are not tied to the eligibility for advanced standing or transfer credit.

To learn more, visit humber.ca/financial-aid.

OSAP

The Ontario Student Assistance Program (OSAP) is a financial aid program that can help you pay for college. OSAP offers funding through:

- grants: money you don’t have to pay back
- student loans: money you need to repay once you’re done school

When you apply for OSAP you are automatically considered for both grants and loans. If you don’t want to take a loan, you can decline it after your application is approved.

There are also programs to help you repay your student loan once you’re done school.

To learn more, visit ontario.ca/osap.
WORK STUDY PROGRAM

Working on campus while you are a Humber or University of Guelph-Humber student is a great way to gain some valuable work experience, learn about resources and services at Humber, and earn some extra cash. The rate of pay for student positions is from $14 and up per hour. You must be in satisfactory academic standing to work on campus. To work on campus you also need to be considered a full-time student (for most students this means a minimum 60% course load; some students with disabilities are considered full-time at a 40% course load), and you will need a Social Insurance Number.

You must be a Canadian Citizen, Permanent Resident, or Protected Person.

To learn more, visit careers.humber.ca/work-study.

“Getting hands-on experience in your field before graduating is the absolute best opportunity that has come my way. I would recommend work study positions to anyone who is looking to get a healthy balance of school and work.”

— Fionnah, Bachelor of Creative Advertising, Degree

TOWARD YOUR TUITION

Learn more at humber.ca/win

*Visit humber.ca/win and fill out our online form. One prize of $5,000.00 (CDN) to be used toward tuition at Humber College is available to be won. Contest will run from September 3, 2019 to July 24, 2020. Draw date is July 28, 2020. Winner will be required to answer a skill testing question. Odds of winning depend on the number of entries received. Contest is open to new incoming, domestic, first semester students starting a program at Humber College in 2020/2021 and must be a resident of Canada excluding Quebec. No purchase necessary. For complete rules visit humber.ca/win.

My Checklist:

☐ Book a Campus Tour
☐ Go to Open House
☐ Use the Admissions Road Map to stay on track
Experience Humber for yourself. Take a tour, connect online, ask questions and learn about what’s here for you.

OPEN HOUSE

**Fall 2019**
Saturday, November 16, 2019
10 a.m. to 2 p.m.

**Spring 2020**
Saturday, April 18, 2020
10 a.m. to 2 p.m.
