ABOUT HUMBER

At Humber, we offer our students a polytechnic education. We teach theory, add in practical, hands-on training and work with employers to give students opportunities to learn in real world settings. Set in state-of-the-art and creative learning spaces, this unique approach unleashes innovative and entrepreneurial thinking and prepares students for the careers of today and tomorrow.

humber.ca/transferoptions

80+
pathways from Ontario Graduate Certificates to Master’s programs at partner institutions

100+
diploma to degree pathway opportunities

HUMBER-SENeca
POLYTECHNIC PARTNERSHIP

The Humber-Seneca Polytechnic Partnership promotes co-operation and collaboration between Humber College and Seneca College while enhancing and expanding learning opportunities for students at both institutions.

Through the HSPP, we are identifying potential transfer pathways between diplomas to degrees at both Humber and Seneca. This partnership includes joint efforts on developing and planning programs, creating shared curriculum and expanding program offerings. Leveraging our combined strengths as providers of comprehensive polytechnic education, with Seneca to provide learners with broader options and greater access to world-class education.
CENTRES OF INNOVATION

Humber’s network of Centres of Innovation (COIs) bring together interdisciplinary teams of faculty, students, and community and industry partners to solve complex, real-world problems. COIs provide an experiential learning environment for Humber students and prepares them to become the innovative and strategic problem-solvers of tomorrow.

Humber’s COIs are focused in five areas of proven strength and industry sector growth:

- Barrett Centre for Technology Innovation
- Centre for Creative Business Innovation
- Centre for Entrepreneurship
- Centre of Innovation in Health and Wellness
- Social Innovation

*The Barrett CTI has 93,000 sq ft of collaborative space used as a skills training hub for advanced manufacturing and Industry 4.0.*
