

2024
Spring Convocation

H U M B E R

CONGRATULATIONS

We are Future Focused

Humber is focused on our students' future. In response to rapidly advancing technology and a constantly evolving workforce, a Humber education helps students prepare for their careers. Our programs blend theory and hands-on learning, giving students the opportunity to gain practical experience in class and through work-integrated learning.

Students learn from professors with industry experience who know what skills are in demand. A wide range of credentials including certificates, diplomas, advanced diplomas, Ontario graduate certificates and degrees help prepare students for what's next, whether that be furthering their education, or the start of their career. Students also receive credit for current and prior learning through many pathways and transfer opportunities.

Humber's diverse experiential learning opportunities, ranging from placements, internships, applied research projects and more, prepare graduates to be career-ready, global citizens.

With more than 315,000 alumni around the world, our graduates are making their mark in every industry.

Convocation is a time to celebrate your achievements while at Humber and to look ahead to the new beginnings and abundant possibilities that await you.

Congratulations graduates on your accomplishments and all the best for the future.

Share your excitement using the hashtag #HumberGrad.

**WE ARE
HUMBER**

Eagle Staff

A shared tradition of Indigenous Nations, the Eagle Staff is considered a sacred item that represents the deeds or accomplishments of a Nation, society, or family. It is used as part of Humber's convocation ceremonies to honour the achievements of graduates and the people who supported them. One of the most common types of eagle staffs are seen in the Grand Entries of Pow Wows and are made up of a stick that has been bent into a curve on one end, like a large cane. Eagle staff carriers are appointed to lead the Grand Entry.

These curved staffs link deeds or accomplishments to the sacred realm, or what can be described as the great mystery. Eagle feathers are tied along the straight end of the stick and are also fastened to the down-facing cane part of the staff, which is held away from the carrier and never held down to be pointed at people. Each eagle feather has a story to represent deeds and accomplishments. Coloured cloth is also added onto the staff to represent the main sacred colour of the Nation, society or family. A song may also be composed by a song-maker to represent the eagle staff.

There is no specific eagle staff design. The maker of the staff is usually gifted to be able to channel a sacred vision for the look of the staff. Once an eagle staff is made, it is then brought into a sweat lodge ceremony to be steamed off, and then activated. Significant care and protocol must then follow in minding the eagle staff.

The dreamcatcher is in a circle with the colours of the medicine wheel, reflecting the medicine wheel teaching and the balance of mental, emotional, physical and spiritual aspects in our lives. The Humber eagle staff is specific to the college, noted by the Hawk and Humber colours in the centre of the dreamcatcher. The seven flowers depicted along the staff represent the seven grandfather teachings and how we want to live our life, values and character through love, honesty, respect, truth, humility, wisdom and bravery. There are seven eagle feathers attached to the coloured cloth reinforcing the importance of the seven grandfather teachings and values important to Humber. Along the curved part of the eagle staff, a braid of sweetgrass symbolizes one of the sacred medicines gifted to Indigenous peoples and can provide healing and connection with the creator.

The stand holding the eagle staff was crafted by Humber's Industrial Woodworking and Cabinetmaking students and instructors, which includes the image of a hawk.

Land Acknowledgment

Humber College is located within the traditional and treaty lands of the Mississaugas of the Credit. Known as Aadoobiigok, the "Place of the Alders" in Michi Saagiig language, the region is uniquely situated along the Humber River Watershed, which historically provided an integral connection for Anishinaabe, Haudenosaunee, and Wendat peoples between the Ontario Lakeshore and the Lake Simcoe/Georgian Bay regions. Now home to people of numerous nations, Aadoobiigok continues to provide a vital source of interconnection for all.

Humber College takes its name from the Humber River, the watercourse with great significance to the history and development of Toronto. Humber's name is appropriate as the college is an ever-flowing stream of knowledge and ideas, which nourishes Ontario's economy and the lives of our citizens.

Indigenous Medallions

Graduating students who have self-identified as Indigenous and attended the Indigenous awards gala are given medallions ahead of convocation and are asked to wear them during their ceremony to display their pride in their history and culture. The medallions acknowledge the graduates' accomplishments and underscore the importance of the tradition of gift giving to Indigenous peoples.

President's Message to Graduates

Congratulations Humber graduates. Your journey at Humber has been marked by dedication, resilience, and hard work. You have faced challenges head-on and emerged victorious, proving your determination and perseverance.

Today, as you receive your well-deserved credential, know that you carry with you the support of your loved ones and the entire Humber community.

I am honoured to welcome you into the network of Humber alumni. You join a distinguished group of more than 315,000 individuals who are making meaningful contributions to their communities and industries worldwide. As you embark on this new chapter of your lives, remember that convocation signifies not an end, but a new beginning filled with endless possibilities.

I encourage you to embrace the spirit of lifelong learning, for education does not end when you cross the stage at convocation. Continue to seek out new knowledge, embrace innovation, and remain open to the opportunities that lie ahead, including the twists and turns that might come along the way.

As you reflect on your time at Humber, remember the lessons learned in the classroom and through collaboration and community engagement. I encourage you to put these values into action as you strive to make a positive difference in the world.

On behalf of the entire Humber community, I extend my heartfelt congratulations to the graduates of 2024. Your journey has only just begun, and we eagerly await your remarkable achievements that lie ahead.

Congratulations and best wishes for a bright and successful future.

Vision

Transforming post-secondary education through global, polytechnic leadership.

Mission

Humber develops global citizens with the knowledge and skills to lead and innovate.

Values

COURAGE • INNOVATION • EQUITY • HEALTH & WELL-BEING • SUSTAINABILITY

Strategic Pillars and Foundation

CAREER-READY CITIZENS

It is critical that we prepare our students to succeed in a global, knowledge-based economy that is technology-driven and changing at an unparalleled rate.

ACCESSIBLE EDUCATION

As students increasingly juggle work, family and financial responsibilities, their learning needs and expectations are changing.

HEALTHY AND INCLUSIVE COMMUNITY

Transforming education is a powerful vision that must be anchored in the strength of our people.

THE 21st CENTURY INSTITUTION

As we move boldly forward with our strategic plan, a strong foundation will be integral to our success.

Humber's Academic Regalia

The academic regalia worn by Humber's faculty, students and administration represent centuries of tradition. The style and colour of gowns, hoods and caps is specific to individual institutions and disciplines. Faculty and administrative staff wear the academic dress appropriate to the highest credential they have earned.

The gowns, vee stoles and hoods worn by our graduates reflect Humber's official colours of blue and gold.

Graduates of Humber's certificate and diploma programs wear a three-toned vee stole. The vee stole colours consist of antique gold, navy blue and the velvet trim associated with the Faculty.

Recipients of Humber's Ontario graduate certificates wear a gold satin hood with a navy blue stripe around the exterior trim and is lined with navy blue.

Graduates of Humber's Baccalaureate degree programs wear a hood that is three feet long. Each hood has a navy blue shell with one antique gold cord around the exterior trim and is lined with antique gold satin. The colour of the velvet trim on each hood is associated with the discipline of the degree received:

- Bachelor of Behavioural Science: Navy Blue
- Bachelor of Child and Youth Care: Maize
- Bachelor of Commerce: Beige
- Bachelor of Community Development: Peacock Blue
- Bachelor of Creative Advertising: White
- Bachelor of Design: White
- Bachelor of Digital Communications: Crimson
- Bachelor of Film and Media Production: White
- Bachelor of Science - Nursing: Salmon
- Bachelor of Industrial Design: Chamois
- Bachelor of Interior Design: Mauve
- Bachelor of International Development: Peacock Blue
- Bachelor of Journalism: White
- Bachelor of Music: Maroon
- Bachelor of Paralegal Studies: Purple
- Bachelor of Public Relations: Crimson
- Bachelor of Social Science - Criminal Justice: Navy Blue

Graduates of the University of New Brunswick (UNB) - Humber Collaborative Bachelor of Nursing program wear academic dress that reflects UNB's traditions, including black gowns, black caps with tassels, and hoods with apricot satin interiors.

Members of the platform party wear a hood based on the institution from which they graduated and the credential they hold. Some members will wear the standard black hood with white velvet trim and antique gold satin lining with two dark blue chevrons.

Honorary degree recipients wear white hoods.

Humber's Mace

The mace is a symbol of authority, deriving from its original function as a weapon. Today, maces are frequently carried in formal processions, especially in ceremonies related to government or higher education.

Humber's mace, commissioned by Joseph Sorbara, former chair of Humber's Board of Governors, honoured the retirement of Dr. Robert A. Gordon, Humber's president from 1982-2007.

The mace was designed and executed by Mark Paddison, of Humber's Cabinetmaking and Industrial Woodworking programs. The mace is hand-carved from walnut wood harvested from the lower Humber River valley.

The ivory inlays were cut from recovered piano keys.

The crown of the mace,

designed by Michael S. DaCosta, features a stylized earth formed by five ribbons, celebrating the students who come to Humber from around the world. The ribbons tie together at the top to form a flame, representing knowledge. The globe, set on top of the mace, emanates from a crown-like circlet.

The sterling silver used to fabricate the crown was donated by Joseph Sorbara and was ethically mined in Canada.

The silver crown sits on the top portion of the mace, which is a coronet in the style used for educational bodies in Ontario.

Design details are taken from Humber's coat of arms. The inlay shows the provincial flower alternating with the hazelnut, a symbol of wisdom. The cogwheel is symbolic of technology and represents bringing inspiration to life using one's skills. The mace culminates in a stylized red-tailed hawk holding a tether in its beak.

Coat of Arms

Arms

The arms, pictured on the shield, are based on Humber's official emblem and incorporate the Humber colours of blue and gold. The Humber River is represented by the blue pile, which conveys a clear, contemporary pathway to achieving one's goals. The ermine tails (spots) represent the concept of excellence, the fur being esteemed in history. Together, these elements symbolize Humber's leadership and direction, balancing history with innovation.

Crest

The coronet, above the arms, shows Ontario's trillium alternating with the hazelnut, a symbol of wisdom. Pegasus represents the creative force at work, and is pictured with a cogwheel, symbolic of technology. Together, these figures represent the ability to bring one's inspiration into reality.

Supporters

On each side of the arms, a red-tailed hawk, an animal common throughout Ontario, holds the shield with a claw. Each wears a blue collar from which hangs a cogwheel charged with an open book. The hawks are used in honour of the name used by Humber's athletic teams. The open books symbolize the concept that knowledge is available to all, and that students will take their learning with them through their lives.

Motto

Humber's motto is:
CARPE OPPORTUNITATES, which means
"Seize the opportunities".

Humber College Institute of Technology & Advanced Learning – A History

Humber has an international reputation for academic excellence and delivers a polytechnic model of education to more than 86,000 learners.

First building construction at the North Campus - 1968

In response to a growing need for skilled workers across Ontario, provincial legislation established Colleges of Applied Arts and Technology in 1967, and Humber enrolled its first students that year. In the 1990s, Humber became the first college to offer Ontario graduate certificates, providing specialized, job-specific training to students who already held undergraduate and the degrees.

In 2001, Humber began offering the University of New Brunswick-Humber collaborative Bachelor of Nursing (BN) degree. In 2002, Humber welcomed the inaugural class of the University of Guelph-Humber, at which students earn both an honours degree from the University of Guelph and a diploma from Humber.

Humber was designated an Institute of Technology & Advanced Learning by the Ministry of Colleges and Universities (formerly Ministry of Training, Colleges and Universities) in 2003 and began offering career-focused bachelor's degrees that integrate theory, work-integrated learning and applied research opportunities. The year 2017 marked the 50th anniversary of Humber and the Ontario college system.

In 2019, Humber strengthened its model of polytechnic education and industry partnerships with the opening of the Barrett Centre for Technology Innovation and the establishment of the Advanced Manufacturing Skills Consortium.

In early 2020, plans for the Humber International Graduate School were announced. Amid the global COVID-19 pandemic, Humber offered its first-ever fully online term in Summer 2020.

In November 2022, the Humber International Graduate School celebrated its official opening.

In January 2023, Humber became the recipient of a \$30 million gift from the Barrett Family Foundation, marking the largest single donation to an Ontario college.

Today, Humber offers more than 200 full-time programs divided amongst six faculties, and has graduated more than 315,000 alumni, many of whom have become renowned within their fields, both locally and globally.

Achievement Awards

Governor General's Academic Medal

The Governor General's Academic Medal is presented to the graduating student who completed a minimum of 50 per cent residency and achieved the top academic standing across all diploma and degree programs in the academic year. Established in 1873, the Governor General's Medal is one of the most prestigious awards that can be received by a student in a Canadian educational institution for exceptional academic achievement.

The COLLEGIATE BRONZE medal is awarded to the student who achieved the highest overall average upon graduation from a diploma-level, post-secondary program (minimum two-year, full-time duration).

The SILVER medal is awarded to the undergraduate who achieved the highest academic standing upon graduation from a bachelor's degree program (minimum four-year, full-time duration).

Board of Governors' Achievement Award

The Board of Governors' Achievement Award is presented to one graduating student in each faculty who has achieved their academic goals or maintained a good overall academic standing while attending to significant college, community and personal responsibilities, as selected by the Senior Dean.

President's Medal

The President's Medal is presented to one graduating student in each Faculty who has maintained a good overall academic record, and has made a significant contribution to the faculty program by demonstrating commitment to leadership and actively participated in student life on campus, as recommended by faculty to the Senior Dean.

Dr. Jean Augustine Award

The Dr. Jean Augustine Award is presented to a student graduating from a degree program at Humber's Lakeshore Campus. The student has demonstrated a commitment to academic excellence and inclusive leadership at the college and/or in the community and embodies the capacity and promise to remain a leader following graduation.

Academic Award of Excellence

The Academic Award of Excellence is presented to graduating students who achieved the highest honours academic standing in their program.

Honorary Degree Recipients

Humber College Institute of Technology & Advanced Learning recognizes and honours selected exceptional individuals who have achieved distinguished status at the provincial, national or international level, or who have made significant and important contributions to the College and/or the local community, through the bestowing of honorary credentials.

Jacqueline Edwards

As a federal employee with the Correctional Service of Canada (CSC) for 29 years Jacqueline has risen through the organization assuming roles with increased responsibility. Her work experience includes frontline roles and Assistant Warden, Management Services at a maximum-security institution for men. Jacqueline's been championing change in the areas of Equity, Diversity, and Inclusion and more recently Anti-Racism.

Her involvement with the Association of Black Law Enforcers (A.B.L.E.) dates back 1993 and has personal meaning for her and her family. As a student at Humber College, Jacqueline was the very proud and privileged recipient of the first A.B.L.E Award, in recognition of academic excellence and service to the community. This introduction and her subsequent involvement in various capacities as a member of the association has impacted her in profound ways. Thirty years later, her life's work has culminated, and she has the honour of being part of the leadership team who dared, cared and challenged systemic racism, unfair treatment and the inequitable delivery of services. She has fully embraced that same sense of responsibility and has acted in the spirit of improving the image of law enforcement to create a public safety system that reflects the principles of equity and justice for all.

Although progress has been made, a significant amount of work and healing is still required at all levels and in every sector of the criminal justice system. Jacqueline is committed to goals and values of healthy, welcoming, diverse and respectful workplaces and engagement with various equity deserving communities.

Tareq Hadhad

Tareq Hadhad is a Syrian refugee and now living his new life with his entrepreneurial family in Canada. As the founder and CEO of Peace by Chocolate, he has been the recipient of awards including one of the Top 25 Immigrants in The Maritimes since his arrival on Canada's East Coast in 2015.

In 2012, the Hadhad's home and chocolate-making factory were destroyed forcing them to seek safety. A former medical student at Damascus University and peacekeeping advocate, Tareq joined medical relief efforts after arriving in Lebanon. A new life began when his family was welcomed to Canada on a community-based sponsorship where his family relaunched the business to recreate the chocolates they once exported across the Middle East.

Their focus has been on job creation, utilizing community members and refugees from across Nova Scotia and Canada. In January 2020, Tareq received his Canadian Citizenship which was one of the greatest accomplishments of his life. A feature film, *Peace by Chocolate*, also based on the family's story premiered at the Tribeca Film Festival and launched in Cineplex theatres in the spring of 2022.

Tareq has spoken at many events, has delivered keynote presentations and has done over 500 interviews with different news teams across the globe including meeting with many world leaders. Tareq speaks on the compelling story of his family, the positive impact of newcomers, and the spirit of resiliency, entrepreneurship and giving back.

He was recently awarded the Atlantic Business Magazine's 30 under 30 Innovators.

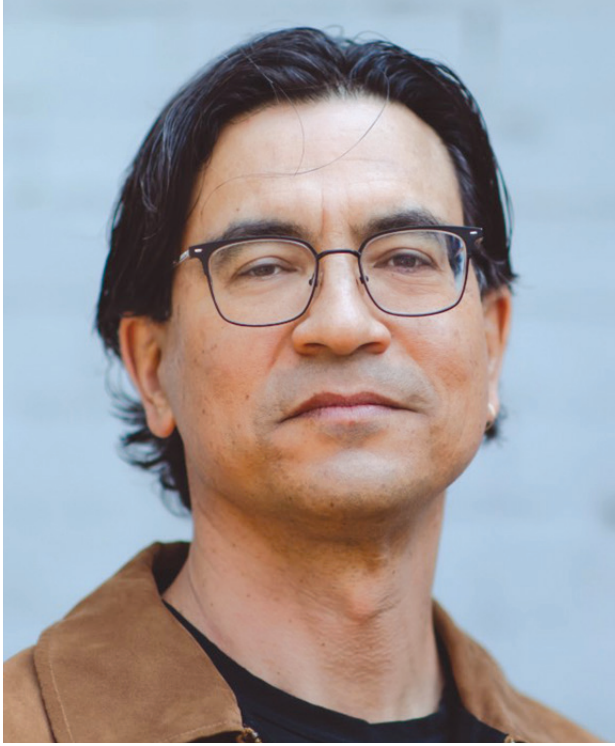

Deepa Mattoo

Deepa Mattoo is an award-winning lawyer and intersectional feminist whose work is rooted in equity, and anti-oppressive and anti-racist practice. As the Executive Director of the Barbra Schlifer Commemorative Clinic, Deepa provides leadership to the various departments and for the Clinic's intervention and advocacy work and has appeared before the Supreme Court of Canada, Parliamentary committees and UN civil society meetings on a wide range of social justice and human rights issues.

Deepa has trained thousands of service providers to work with forced marriage survivors, racialized non-status women, and immigration law clients. Since 2017, she has shared these insights as an Adjunct Professor at Osgoode Hall Law School, and through the countless speaking engagements and interviews she grants throughout the year. In 2015, Deepa was awarded the Spirit of Schlifer Award and she was the Law Foundation of Ontario's 2017 Community Leadership in Justice Fellow at Factor-Inwentash Faculty of Social Work at the University of Toronto.

In 2022, Deepa was the recipient of the Law Society medal and the Women of Distinction Award for her contribution to access to justice and advocacy work. She was also appointed as a member of the Domestic Violence Death Review Committee (DVRDC) that same year. In 2023, Deepa was the recipient of the Ontario Bar Association Award for Excellence in the Promotion of Women's Equality and also received the Desi Achiever's Award for her exceptional contributions to human rights and access to justice.

Duncan McCue

Award-winning broadcaster, author and professor, Duncan McCue is a masterful storyteller and celebrated leader in teaching Canadians, journalists and schools of journalism about Indigenous perspectives.

Canadians know Duncan's compassionate voice from his distinguished career with CBC News. His documentaries on climate change to violence against women have garnered accolades and he was the driving force behind Kuper Island, an investigative podcast on Indian residential schools.

A Professor of Indigenous Journalism and (Story) telling, Duncan has developed an innovative online resource, Reporting in Indigenous Communities, which inspired his latest work, Decolonizing Journalism: A Guide to Reporting in Indigenous Communities. The Canadian Association of Journalists presented Duncan with the Charles Bury Award, for his "efforts to inspire change in how Canadian journalism covers Indigenous stories."

Duncan is also the author of Shoe Boy: A Trapline Memoir, based on his experience as a boy from the city living with a James Bay Cree family in a one-room hunting cabin in northern Quebec. His education includes a Knight Fellowship at Stanford University and a Southam Fellowship at Massey College/University. Before becoming a journalist, Duncan studied English at the University of King's College, then completed his law degree at UBC. He was called to the bar in British Columbia in 1998. Duncan is Anishinaabe, a member of the Chippewas of Georgina Island First Nation in southern Ontario, and proud father of two children.

Kaetlyn Osmond

Kaetlyn Osmond is a remarkable retired Canadian Olympic Figure Skater. With an exceptional career that spanned over two decades and across the country from Newfoundland to Alberta, she became Canada's most decorated female figure skater. She has three Olympic medals and two World medals, including gold in 2018 at both the Olympic Games in PyeongChang, Korea, and the World Championships in Milan, Italy, just a month later. In 2019, she was inducted into the Edmonton Sports Hall of Fame and named a recipient of the Order of Newfoundland.

Kaetlyn's accomplishments don't end there. Since retiring from competitive figure skating, she has continued to leave her mark on the world. She has taken her talent and passion for the sport worldwide, performing in shows like Stars On Ice and Art on Ice. Additionally, she has transitioned into sports broadcasting, serving as a sports analyst for CBC during the Beijing Winter Olympics and working with Skate Canada to livestream their national and international events.

At the University of Alberta, Kaetlyn is a full-time student pursuing a degree in media studies and creative writing while also coaching students of all ages to achieve their figure skating goals. She is a proud dog mom to three adorable, playful puppies, Roxy, Rasquette, and Mack.

Faculty of Media & Creative Arts

Humber's Faculty of Media & Creative Arts offers the most comprehensive mix of media, arts and communications programs in Canada. We encompass a diverse range of creative disciplines, spanning media, arts, and design, including journalism and writing; film, acting, media production, and animation; advertising and public relations; design and interaction design; as well as music and fine arts. Live Labs and work-integrated learning opportunities complement the industry-specific business skills that are woven through each of our programs. Our graduates are collaborative, highly skilled, career-ready professionals with the creative aptitude, entrepreneurial ability, and resourcefulness needed to lead and innovate wherever their story takes them.

Longo Faculty of Business

The Longo Faculty of Business at Humber offers more than 50 programs in a wide range of fields covering the broad spectrum of business in the evolving marketplace. Our students receive authentic learning experiences through industry projects, competitions and work-integrated learning opportunities. We are educating future entrepreneurs, business leaders and global citizens.

The success of the Faculty's alumni inspired a transformational \$5 million gift from the Longo Family Foundation. In recognition of the Foundation's support, the Faculty and Centre for Entrepreneurship have been named **the Longo Faculty of Business** and the **Longo Centre for Entrepreneurship**. The Foundation hopes to create a "flywheel effect" of innovation and productivity and encourage others to join the Humber family and give back. Support of Humber's business and entrepreneurship programs help students reach their full potential by providing limitless opportunities that will pave the way for a new generation of entrepreneurs.

Faculty of Health Sciences & Wellness

The Faculty of Health Sciences & Wellness prepares students for meaningful careers in the health care and wellness sector. Advanced facilities, clinical simulation, cadaveric bioscience labs, experiential learning environments, expert faculty and extensive industry partnerships support student participation in a breadth of experience before they graduate. Graduates gain the knowledge, skills and abilities to support people across the health continuum.

Faculty of Applied Sciences & Technology

Students learn to take their ideas from concept to creation in Humber's Faculty of Applied Sciences & Technology. Offering programs in design, construction, advanced manufacturing, information technology and skilled trades, the Faculty gives students the chance to acquire highly sought-after skills using specialized labs, equipment and facilities. On-the-job experience is emphasized through work placements. Professors highlight current trends within their areas of specialty and strive to duplicate situations that graduates will experience in their everyday working life in the classroom environment.

Faculty of Liberal Arts & Sciences

Humber's Faculty of Liberal Arts & Sciences offers interdisciplinary courses in social sciences, humanities and natural sciences, as well as math, communications and English as a Second Language (ESL). These courses support students in achieving their learning goals as they chart their path to a meaningful career and develop the skills necessary for engaged and thoughtful citizenship. The Faculty is also home to pathways programming that provides multiple entryways into post-secondary education, as well as graduate certificate programming in research, second language education, and professional writing.
