CALCULATION OF TERM GPA, OVERALL GPA, AND CPGPA

Humber publishes three Grade Point Averages on the transcript: Term GPA (TGPA), Overall GPA and Cumulative Program GPA (CPGPA).

Term GPA (TGPA) is calculated by dividing the term total amount of quality points (QPts) by the term total of GPA Hours (GPA-Hrs).

Overall GPA is calculated by summing up each term total quality points (QPts) and each term total GPA Hours (GPA-Hrs), and then dividing the total quality points (QPts) by the total GPA Hours (GPA-Hrs).

Cumulative Program GPA (CPGPA) is the same calculation as Overall GPA with the exception that only the program curriculum courses quality points (QPts) and GPA Hours (GPA-Hrs) are used in the calculation.

Quality Points (QPts) is calculated by multiplying the final course grade by the course credits.

GPA Type	Includes	Does Not Include
Term GPA	All graded courses completed within a term	Special Grades
Overall GPA	All graded courses	Special Grades
Program GPA (CPGPA)	All graded courses required in the program of study	Special Grades and courses that are not applicable to the program of study

ACADEMIC STANDING

Effective September 1, 2016 Humber uses Term GPA to determine a student's academic standing.

For complete details about Academic Progression, and to differentiate the rules for Humber's various credentials, refer to the Academic Regulations at humber.ca/academic-regulations.

GRADING SYSTEM

Grades are reported as numerical percentages out of a possible grade of 100. Unless stated otherwise in the course outline, the passing grade policy is as follows:

College Certificate/Diploma/Graduate Certificate Programs:

Prior to August 31, 2013 the passing grade was 60 per cent.
As of September 1, 2013 the passing grade is 50 per cent.

Baccalaureate Degree Programs:

A passing grade is 50 per cent.

Special Grades not included in the calculation of any Grade Point Averages.
