

Dan Mensions

Interior Design, 1986

Partner/Co-Founder, II BY IV DESIGN

Dan Mensions co-founded II BY IV DESIGN in 1990. From humble beginnings, the celebrated, self-made firm has grown from a small operation based out of a 1200 sq. ft. workspace, to nearly 50 professionals contributing to a global design industry. Credited with over 400 design awards, the studio has been recognized as 'Designers of the Year' more than any Canadian firm, and operates out of their Toronto, New York, and London offices. Their international portfolio features iconic spaces, as well as contemporary furnishings, lighting, and accessories, establishing a level of respect and credibility amongst the design profession.
