

Semester Exchange Academic Conditions of Participation

Please read all of the details below prior to completing and submitting the learning agreement

1. To be eligible to participate in the semester exchange program, students are required to maintain a cumulative GPA of 70% or obtain permission to participate from their Program Coordinator. Should this status change, an offer to participate in the program will be withdrawn.
2. Transfer credit will only be applied for courses outlined and approved in the learning agreement. It is the student's responsibility to ensure that they have enrolled in courses that match this agreement. Any changes the student wishes to make to the learning agreement must be reviewed and approved by their Program Coordinator and International Coordinator prior to enrolling in the courses.
3. If a course that is outlined in the learning agreement is not taken, the student is responsible for the cost and arrangements of making up this credit before they graduate.
4. A passing grade (as per the grading system of the host institution) must be received on courses taken abroad for transfer credit to be applied at Humber College.
5. In the event that a passing grade is not received on courses taken abroad, the student will be required to make up the credits on return to Canada. Retaking these courses will result in additional tuition fees and might delay graduation from their academic program.
6. The individualized study plan created for students who study abroad could potentially put students at risk of course scheduling conflicts on return to Canada. In the very rare occurrence of a scheduling conflict, students may be required to enroll in summer school, take the course at another institution (at the students' own cost), or delay graduation until all required credits have been achieved.
7. The last day to withdraw from study abroad for the **Fall** semester is **August 1st**.
 The last day to withdraw from study abroad for the **Winter** semester is **December 1st**.

Please note that the closer to this date the decision to withdraw is made, the more difficult it will be to enroll in required Humber courses as a result of classes reaching capacity. If a student is not able to register in a required course they will be responsible for the cost and arrangements of making up these credits.

Transfer Credit Process

On receipt of an official hardcopy transcript from the student's overseas host institution, the Office of the Registrar will review and apply the pre-approved transfer credits to the student's academic record. Please be advised that there is often a delay between completion of the semester abroad, receipt of the official transcript and application of the transfer credit.

Viewing Transfer Credit

Results can be viewed on the Academic Progress Report through the student's "myHumber" account. Once the student sees a green check mark (complete) beside the transfer credit request and a grade of TRC (diploma students)/LOP (degree students), they will know that their transfer credit has been applied. Students should continue to monitor their Academic Progress Report for the status of their transfer credits.

Office Use only	
Transfer Credit Elective Attributes	
Elective Type	Course Attribute/Code
Degree Breadth Elective	LASB 001
General Elective	GENX 001
Business Degree Elective – Lower	BCOM 001
Business Degree Elective – Upper	BDGE 001
Business Elective (Diploma)	BUSX 001
Architecture Elective	ARC 001
Civil Elective	CIVL 001
Media Elective	MEDE 001
Music Elective	MEL 001
