

Addictions and Mental Health

Ontario Graduate Certificate

Program Code: MH511

Campus: Lakeshore

Length: 3 semesters starting in September

With the right training, you can make a huge difference as a front-line worker providing effective addictions and mental health services while promoting empowerment, self-determination and optimum quality of life to individuals with addictions and mental health issues. Our graduates find employment in various organizations including community mental health and addictions services, residential treatment centres, youth and family services, housing services, and crisis response services in roles such as:

- addictions counsellor
- case manager
- community support worker
- counsellor
- crisis worker
- housing worker
- mental health worker

Through our program, you will learn to deliver responsive, culturally relevant, client-centered assessment and treatment to diverse individuals and groups, and find ways to effectively collaborate and transform lives as a valuable part of a professional support team. This program includes a work placement.

Work Placement

Use and sharpen new skills while gaining crucial on-the-job work experience during a mandatory field placement that takes place in Semester 3. The field placement, which is typically unpaid, is arranged with the assistance of a field placement co-ordinator.

You will have an opportunity to provide evidence-informed, client-based and educational services to diverse individuals and groups experiencing addictions and mental health related challenges.
