ABOUT HUMBER POLYTECHNIC

At Humber Polytechnic, we have the programs, skills, and people to change the way we empower the future workforce and we have the leadership to bridge the gap between academia, industry, and government to foster a culture of innovation.

Over the next decade, Humber will lead the definition, discovery, value, and possibilities of polytechnic education in Ontario, Canada, and around the globe. We will build innovative credentials that support personalized learning.

We teach theory, add in practical, hands-on training and work with employers to give students opportunities to learn in real-world settings. Set in state-of-the-art and creative learning spaces, this unique approach unleashes innovative and entrepreneurial thinking and prepares students for the careers of today and tomorrow.
