ABOUT HUMBER

At Humber, we offer our students a polytechnic education. We teach theory, add in practical, hands-on training and work with employers to give students opportunities to learn in real-world settings. Set in state-of-the-art and creative learning spaces, this unique approach unleashes innovative and entrepreneurial thinking and prepares students for the careers of today and tomorrow.

Humber diploma to Humber degree pathway opportunities

HUMBER-SENeca POLYTECHNIC PARTNERSHIP

The Humber-Seneca Polytechnic Partnership (HSPP) promotes co-operation and collaboration between Humber College and Seneca College while enhancing and expanding learning opportunities for students at both institutions, and across the college system.

Through the HSPP, more than 200 transfer pathways have been established between Humber and Seneca. This partnership includes joint efforts on developing and planning programs, creating shared curriculum and expanding program offerings. Leveraging our combined strengths as providers of comprehensive polytechnic education, with Seneca to provide learners with broader options and greater access to world-class education.
CENTRES OF INNOVATION

Humber’s network of Centres of Innovation (COIs) bring together interdisciplinary teams of faculty, students, and community and industry partners to solve complex, real-world problems. COIs provide an experiential learning environment for Humber students and prepares them to become the innovative and strategic problem-solvers of tomorrow.

Humber’s COIs are focused in five areas of proven strength and industry sector growth:

- Barrett Centre for Technology Innovation
- Centre for Entrepreneurship
- Centre of Innovation in Health and Wellness
- Social Innovation
