CONGRATULATIONS

Building Brilliance

Humber Polytechnic is focused on providing an unparalleled student experience.

We have a unique combination of programs, skills, and people who are changing the way we empower the future workforce. We also have dedicated Humber employees who work tirelessly to bridge the gap between academia, industry, and government in order to prepare graduates for lifelong employability and to have real-world impact.

From student government and skills competitions to athletic championships and research opportunities, our students are building their capacity for brilliance, contributing to our community and soaring on the provincial, national and world stage.

Education has the power to change lives and drive economic growth. Learners find their edge at Humber and are prepared with relevant employability skills, the ones employers need to help grow their businesses.

With more than 325,000 alumni around the world, our graduates are making their mark in every industry and continuing to build brilliance every day.

BUILDERS OF BRILLIANCE

Eagle Staff

A shared tradition of Indigenous Nations, the Eagle Staff is considered a sacred item that represents the deeds or accomplishments of a Nation, society, or family. It is used as part of Humber's convocation ceremonies to honour the achievements of graduates and the people who supported them. One of the most common types of eagle staffs are seen in the Grand Entries of Pow Wows and are made up of a stick that has been bent into a curve on one end, like a large cane. Eagle staff carriers are appointed to lead the Grand Entry.

These curved staffs link deeds or accomplishments to the sacred realm, or what can be described as the great mystery. Eagle feathers are tied along the straight end of the stick and are also fastened to the down-facing cane part of the staff, which is held away from the carrier and never held down to be pointed at people. Each eagle feather has a story to represent deeds and accomplishments. Coloured cloth is also added onto the staff to represent the main sacred colour of the Nation, society or family. A song may also be composed by a song-maker to represent the eagle staff.

There is no specific eagle staff design. The maker of the staff is usually gifted to be able to channel a sacred vision for the look of the staff. Once an eagle staff is made, it is then brought into a sweat lodge ceremony to be steamed off, and then activated. Significant care and protocol must then follow in minding the eagle staff.

The dreamcatcher is in a circle with the colours of the medicine wheel, reflecting the medicine wheel teaching and the balance of mental, emotional, physical and spiritual aspects in our lives. The Humber eagle staff is specific to the college, noted by the Hawk and Humber colours in the centre of the dreamcatcher. The seven flowers depicted along the staff represent the seven grandfather teachings and how we want to live our life, values and character through love, honesty, respect, truth, humility, wisdom and bravery. There are seven eagle feathers attached to the coloured cloth reinforcing the importance of the seven grandfather teachings and values important to Humber. Along the curved part of the eagle staff, a braid of sweetgrass symbolizes one of the sacred medicines gifted to Indigenous peoples and can provide healing and connection with the creator.

The stand holding the eagle staff was crafted by Humber's Industrial Woodworking and Cabinetmaking students and instructors, which includes the image of a hawk.

Land Acknowledgment

Humber Polytechnic is located within the traditional and treaty lands of the Mississaugas of the Credit. Known as Adoobiigok, the "Place of the Alders" in Michi Saagiig language, the region is uniquely situated along the Humber River Watershed, which historically provided an integral connection for Anishinaabe, Haudenosaunee, and Wendat peoples between the Ontario Lakeshore and the Lake Simcoe/Georgian Bay regions. Now home to people of numerous nations, Adoobiigok continues to provide a vital source of interconnection for all.

Humber Polytechnic takes its name from the Humber River, the watercourse with great significance to the history and development of Toronto. Humber's name is appropriate as the institution is an ever-flowing stream of knowledge and ideas, which nourishes Ontario's economy and the lives of our citizens.

Indigenous Medallions

Graduating students who have self-identified as Indigenous and attended the Indigenous awards gala are given medallions ahead of convocation and are asked to wear them during their ceremony to display their pride in their history and culture. The medallions acknowledge the graduates' accomplishments and underscore the importance of the tradition of gift giving to Indigenous peoples.

President's Message to Graduates

Congratulations, Humber Polytechnic graduates! Reaching this milestone is a reflection of your hard work, perseverance, and commitment to personal and professional growth. It represents the challenges you've met, the learning you've embraced, and the experiences that have shaped you along the way. The entire Humber community is proud to celebrate this achievement with you and acknowledge all that you've accomplished.

You've met each challenge with discipline and drive, showing the resilience and adaptability needed to succeed in a dynamic and evolving world. Along the way, you've gained not only the knowledge and skills to excel, but also the mindset to lead, collaborate, and innovate with purpose.

I'm proud to welcome you to the Humber alumni community. You join a group of more than 325,000 graduates who are making meaningful contributions in their communities, across industries and around the world. As you begin this next chapter, let convocation mark the beginning of new opportunities, continued learning, and the path to shaping a future defined by your values and ambitions.

Being a Humber Polytechnic graduate means stepping into the world ready to lead, to think differently, and to create positive change. We believe deeply in your potential and we look forward to seeing how you will contribute, grow, and inspire in the years ahead. As you move forward, remember that you are part of a community that stands behind you. Your family, your friends, and all of us at Humber are cheering you on every step of the way.

On behalf of the entire Humber community, I extend my heartfelt congratulations to all graduates and wish you the very best for a bright, brilliant and successful future.

Vision

Transforming post-secondary education through global, polytechnic leadership.

Mission

Humber develops global citizens with the knowledge and skills to lead and innovate.

Values

COURAGE • INNOVATION • EQUITY • HEALTH & WELL-BEING • SUSTAINABILITY

Builders of Brilliance

REIMAGINING LEARNING

We are transforming learning to completely reimagine the student's educational journey by leveraging technology to achieve personalized, human-centred learning at scale - fostering lifelong employability.

FORGING DEEPER PARTNERSHIPS

Humber has a powerful convening ability. We can bring together key players from across the entire ecosystem - nationally and internationally - in ways that others cannot. This uniquely positions us to build meaningful, mutually beneficial connections, create a culture of creativity that embraces failure and exploration, leans into innovation and drives towards productivity.

DRIVING IMPACT

We don't just want to have an impact. We want to drive it. Our education will inspire action on social and societal needs, and our innovation will ignite impact. We are unwavering in our pursuit of it, leading the way in higher education through bold actions that reinforce steadfast values.

Humber's Academic Regalia

The academic regalia worn by Humber's faculty, students, and administration embodies centuries of tradition. Each institution designs the style and color of the regalia to correspond with specific academic disciplines. Faculty and administrative staff wear attire that reflects the highest credential they have attained. Some members of the platform party wear a standard black hood with white velvet trim, antique gold satin lining, and two dark blue chevrons. Honorary degree recipients are distinguished by white hoods.

Humber's regalia prominently features the official colors of blue and gold. Graduates of certificate and diploma programs wear a three-toned vee stole representing their Faculty. Those who have earned an Ontario graduate certificate or a baccalaureate degree wear a gold satin hood accented with navy blue and a color specific to their discipline. The velvet trim on each hood signifies the discipline of the degree conferred.

Humber's Mace

The mace is a symbol of authority, deriving from its original function as a weapon. Today, maces are frequently carried in formal processions, especially in ceremonies related to government or higher education.

Humber's mace, commissioned by Joseph Sorbara, former chair of Humber's Board of Governors, honoured the retirement of Dr. Robert A. Gordon, Humber's president from 1982-2007.

The mace was designed and executed by Mark Paddison, of Humber's Cabinetmaking and Industrial Woodworking programs. The mace is hand-carved from walnut wood

harvested from the lower Humber River valley.

The ivory inlays were cut from recovered piano keys.

The crown of the mace, designed by Michael S. DaCosta, features a stylized earth formed by five ribbons, celebrating the students who come to Humber from around the world. The ribbons tie together at the top to form a flame, representing knowledge. The globe, set on top of the mace, emanates from a crown-like circlet.

The sterling silver used to fabricate the crown was donated by Joseph Sorbara and was ethically mined in Canada.

The silver crown sits on the top portion of the mace, which is a coronet in the style used for educational bodies in Ontario.

Design details are taken from Humber's coat of arms. The inlay shows the provincial flower alternating with the hazelnut, a symbol of wisdom. The cogwheel is symbolic of technology and represents bringing inspiration to life using one's skills. The mace culminates in a stylized red-tailed hawk holding a tether in its beak.

Coat of Arms

Arms

The arms, pictured on the shield, are based on Humber's official emblem and incorporate the Humber colours of blue and gold. The Humber River is represented by the blue pile, which conveys a clear, contemporary pathway to achieving one's goals. The ermine tails (spots) represent the concept of excellence, the fur being esteemed in history. Together, these elements symbolize Humber's leadership and direction, balancing history with innovation.

Crest

The coronet, above the arms, shows Ontario's trillium alternating with the hazelnut, a symbol of wisdom. Pegasus represents the creative force at work, and is pictured with a cogwheel, symbolic of technology. Together, these figures represent the ability to bring one's inspiration into reality.

Supporters

On each side of the arms, a red-tailed hawk, an animal common throughout Ontario, holds the shield with a claw. Each wears a blue collar from which hangs a cogwheel charged with an open book. The hawks are used in honour of the name used by Humber's athletic teams. The open books symbolize the concept that knowledge is available to all, and that students will take their learning with them through their lives.

Motto

Humber's motto is:
CARPE OPPORTUNITATES, which means
"Seize the opportunities".

Humber Polytechnic – A History

As builders of brilliance, Humber Polytechnic is seizing the opportunity for growth, prosperity, and global leadership. We have the unique combination of programs, skills, and people to change the way we empower the future workforce and change the course of productivity in Canada for good.

In response to a growing need for skilled workers across Ontario, provincial legislation established Colleges of Applied Arts and Technology in 1967, and Humber enrolled its first students that year. In the 1990s, Humber became the first college to offer Ontario graduate certificates, providing specialized, job-specific training to students who already held undergraduate and the degrees.

In 2001, Humber began offering the University of New Brunswick-Humber collaborative Bachelor of Nursing (BN) degree. In 2002, Humber welcomed the inaugural class of the University of Guelph-Humber, at which students earn both an honours degree from the University of Guelph and a diploma from Humber.

Humber was designated an Institute of Technology & Advanced Learning by the Ministry of Colleges and Universities in 2003 and began offering career-focused bachelor's degrees that integrate theory, work-integrated learning and applied research opportunities. The year 2017 marked the 50th anniversary of Humber and the Ontario college system.

In 2019, Humber opened the Barrett Centre for Technology Innovation and the establishment of the Advanced Manufacturing Skills Consortium.

Amid the global COVID-19 pandemic, Humber offered its first-ever fully online term in Summer 2020.

In November 2022, the Humber International Graduate School celebrated its official opening.

In January 2023, Humber became the recipient of a \$30 million gift from the Barrett Family Foundation, marking the largest single donation to an Ontario college.

August 2024, the institution became Humber Polytechnic with a bold, contemporary vision for post-secondary education.

Today, Humber offers more than 200 full-time programs divided amongst six faculties, and has graduated more than 325,000 alumni, many of whom have become renowned within their fields, both locally and globally.

BUILDERS OF BRILLIANCE

Achievement Awards

Governor General's Academic Medal

The Governor General's Academic Medal is presented to the graduating student who completed a minimum of 50 per cent residency and achieved the top academic standing across all diploma and degree programs in the academic year. Established in 1873, the Governor General's Medal is one of the most prestigious awards that can be received by a student in a Canadian educational institution for exceptional academic achievement.

The COLLEGIATE BRONZE medal is awarded to the student who achieved the highest overall average upon graduation from a diploma-level, post-secondary program (minimum two-year, full-time duration).

The SILVER medal is awarded to the undergraduate who achieved the highest academic standing upon graduation from a bachelor's degree program (minimum four-year, full-time duration).

Valedictorian Award

This award is presented to graduating students who have maintained strong academic performance, shown exceptional leadership within the Humber community, and made meaningful contributions that extended beyond their program and academic faculty.

Board of Governors' Achievement Award

The Board of Governors' Achievement Award is presented to one graduating student in each faculty who has achieved their academic goals or maintained a good overall academic standing while attending to significant college, community and personal responsibilities, as selected by the Senior Dean.

President's Medal

The President's Medal is presented to one graduating student in each Faculty who has maintained a good overall academic record, and has made a significant contribution to the faculty program by demonstrating commitment to leadership and actively participated in student life on campus, as recommended by faculty to the Senior Dean.

Dr. Jean Augustine Award

The Dr. Jean Augustine Award is presented to a student graduating from a degree program at Humber's Lakeshore Campus. The student has demonstrated a commitment to academic excellence and inclusive leadership at the college and/or in the community and embodies the capacity and promise to remain a leader following graduation.

Honorary Degree Recipients

Humber Polytechnic (officially known as Humber College Institute of Technology & Advanced Learning) recognizes and honours selected exceptional individuals who have achieved distinguished status at the provincial, national or international level, or who have made significant and important contributions to the College and/or the local community, through the bestowing of honorary credentials.

Kirsty Duncan

The Honourable Kirsty Duncan served five terms in federal office and has held many roles.

Dr. Duncan was a member of the federal cabinet's COVID-19 committee and founded and chaired the inaugural Standing Committee on Science and Research in the House of Commons. Before entering politics, Dr. Duncan was an Associate Professor of Health Studies at the University of Toronto, and an Associate Professor of Geography and Earth Sciences at the University of Windsor.

As a scientist, she is best known for leading an expedition to the Arctic to uncover the cause of the 1918 influenza pandemic. Her first book, *Hunting the 1918 Flu: One Scientist's Search for a Killer Virus*, was shortlisted for a Canadian Science Writers' Award. Her latest book is *The Exclusion Effect: How the Sciences Discourage Girls & Women & What To Do About It*. Dr. Duncan also served as a Lead Author for North America on the Intergovernmental Panel on Climate Change, which was jointly awarded the 2007 Nobel Peace Prize with former U.S. Vice President Al Gore.

She has received numerous awards and honours, including an Honorary Doctorate from the University of Edinburgh, the CSPC Trailblazer Award for Policy for Science, the Knowledge Millennium Award from the India Chamber of Commerce, and the Pioneer in Healthcare Policy Award from the Society for Brain Mapping and Therapeutics in the United States.

A lifelong athlete and dancer, Dr. Duncan competed in marathons, half Ironman triathlons, and gymnastics, and coached and judged numerous sports.

Ted Nolan

Theodore (Ted) John Nolan is an Indigenous Canadian and a proud member of the Garden River First Nation in northern Ontario. Born into a large family, Ted Nolan's journey exemplifies resilience, pride, and determination. He is a celebrated ice hockey player and coach. An NHL player for eight years and Coach of the Year, Ted led teams to championships and represented Latvia at the 2014 Sochi Olympics.

The Ted Nolan Foundation was established by Ted in 2004. The foundation is dedicated to supporting the educational and athletic aspirations of female First Nations students across Canada through the Rose Nolan Memorial Scholarship. Named in honour of his mother, the scholarship provides \$5,000 annually to recipients who demonstrate academic achievement, athletic involvement, and strong community engagement.

Ted is the co-founder of 3-Nolans a First Nation Hockey School which was founded in 2013 by Nolan, alongside his sons. This initiative offers a five-day ice hockey skills camp aimed at boys and girls aged 7 to 15. The program focuses on enhancing hockey abilities among First Nations youth and emphasizes the importance of active, healthy living. Beyond sports skills, the camp encourages participants to become positive role models in their communities.

Ted is a best-selling author of *Life in Two Worlds*, Ted shares his inspiring story with audiences nationwide. Ted has two sons, both of which played in the NHL.

Faculty of Liberal Arts & Sciences

Humber's Faculty of Liberal Arts & Sciences offers interdisciplinary courses in social sciences, humanities and natural sciences, as well as math, communications and English as a Second Language (ESL). These courses support students in achieving their learning goals as they chart their path to a meaningful career and develop the skills necessary for engaged and thoughtful citizenship. The Faculty is also home to pathways programming that provides multiple entryways into post-secondary education, as well as graduate certificate programming in research, second language education, and professional writing.

Faculty of Media, Creative Arts, and Design

Humber's Faculty of Media, Creative Arts, and Design offers the most comprehensive mix of media, arts and communications programs in Canada. We encompass a diverse range of creative disciplines, spanning media, arts, and design, including journalism and writing; film, acting, media production, and animation; advertising and public relations; design and interaction design; as well as music and fine arts. Live Labs and work-integrated learning opportunities complement the industry-specific business skills that are woven through each of our programs. Our graduates are collaborative, highly skilled, career-ready professionals with the creative aptitude, entrepreneurial ability, and resourcefulness needed to lead and innovate wherever their story takes them.

Longo Faculty of Business

The Longo Faculty of Business at Humber offers more than 50 programs in a wide range of fields covering the broad spectrum of business in the evolving marketplace. Our students receive authentic learning experiences through industry projects, competitions and work-integrated learning opportunities. We are educating future entrepreneurs, business leaders and global citizens.

The success of the Faculty's alumni inspired a transformational \$5 million gift from the Longo Family Foundation. In recognition of the Foundation's support, the Faculty and Centre for Entrepreneurship have been named **the Longo Faculty of Business** and the **Longo Centre for Entrepreneurship**. The Foundation hopes to create a "flywheel effect" of innovation and productivity and encourage others to join the Humber family and give back. Support of Humber's business and entrepreneurship programs help students reach their full potential by providing limitless opportunities that will pave the way for a new generation of entrepreneurs.

Faculty of Applied Sciences & Technology

Students learn to take their ideas from concept to creation in Humber's Faculty of Applied Sciences & Technology. Offering programs in design, construction, advanced manufacturing, information technology and skilled trades, the Faculty gives students the chance to acquire highly sought-after skills using specialized labs, equipment and facilities. On-the-job experience is emphasized through work placements. Professors highlight current trends within their areas of specialty and strive to duplicate situations that graduates will experience in their everyday working life in the classroom environment.

Faculty of Health Sciences & Wellness

The Faculty of Health Sciences & Wellness prepares students for meaningful careers in the health care and wellness sector. Advanced facilities, clinical simulation, cadaveric bioscience labs, experiential learning environments, expert faculty and extensive industry partnerships support student participation in a breadth of experience before they graduate. Graduates gain the knowledge, skills and abilities to support people across the health continuum.
