Showcase 2021: Call for Proposals

We are calling on you! We would like to invite the Humber Community to submit Workshop Proposals and Marketplace Proposals for Showcase 2021: Amplify, taking place Thursday, June 3.

Workshops

A workshop is a 45 or 75 minute session for you to share ideas with your colleagues at Humber. Examples of workshops could include new initiatives, emerging trends, research, innovative teaching and learning practices, interdisciplinary projects, areas of expertise, topics of general interest, etc. Your workshop should be interactive and connected to the theme Amplify whenever possible.

Marketplace

Marketplace Exchange is a fair where faculties and departments come to showcase what they do and how they support the Humber community both internally and externally.

This year, we plan to have a Virtual Marketplace, where we are inviting different vendors to set-up a virtual promotional booth. Exhibitors can highlight recent, current or future Humber projects, or initiatives. This is a great opportunity to bring the Humber community together for conversation, sharing and networking.

For more information on how to submit a Workshop Proposal or a Marketplace Proposal, [please click here to visit our website.](#)

Deadline for Proposals: April 12, 2021

PTTC Session

Recordings have been uploaded!

On Friday, March 26th your T+L team hosted the 2021 Part-Time Teachers' Conference: Regenerate. We were joined by nearly 400 part-time faculty from across Ontario (college representation can be seen in the image to the right). Keynote Speaker, Flower Darby kicked off the day with an empowering discussion on **Innovating Through Excellence in Teaching and Learning Design**. The large group then dispersed into smaller groups focused on a wide variety of topics. These sessions were recorded for your consumption and can be found on our [T+L website](#).

ACADEMIC BLACKBOARD CLEANUP REMINDER FOR ALL FACULTY

This is your **last chance** to backup
your pre-fall 2018 Blackboard courses.
After April 9th 2021, courses older than
September 2018 will be removed from
Blackboard and no longer available.

For help on **how to back up** your sites,
please contact the Instructional Support Studio.
