

# Getting Started in Blackboard Humber's Learning Management System

Centre for Innovative Learning

**Fall 2025: Faculty Orientation**

# Goals for Today's Sessions

- Understand what Blackboard is
- Learn how to configure your profile
- How to copy a course from another site
- Add course items
- Add gradable items
- Learn how to setup the Gradebook
- Using Teams to teach

# What is Blackboard Ultra?

- It is Humber's official learning management system
- Can be used throughout the semester to post announcements, content/information and grades
- Students can access grades and comments
- Students can contact their instructors through the system

# Demonstration

# Summary

1

Set up your profile such as adding your picture and pronouns

2

Share the link to your course outline and upload a course critical path

3

Add the necessary assignments and tests on Blackboard

4

Set up the Gradebook, and configure Overall Grade

# Questions?

# Updates in Blackboard

- [BB HUB: Blackboard Help and Updates](#)
  - Blackboard Ultra updates every month
- [Humber Communique](#)
  - Keep an eye out for important BB Updates (i.e. Clean-Up dates)
- [Anthology Idea Exchange](#)
  - BB online community for ideation

# Blackboard Help Sites

- [Faculty Blackboard Ultra Help](#)
- [Anthology Discussions \(Require registration\)](#)
- [Book a 1-1 Support Specialist](#)

# Microsoft Teams for Teaching
