INTRODUCTION

The Leadership Initiative Fund (LIF) is a new program for 2022 that provides funding for students who wish to run an initiative or event on campus.

The LIF is administered by the Department of Student Life and Equity, Humber College.

The LIF program recognizes the importance of student involvement and engagement in the creation of a vibrant campus community. This funding aims to support students whose initiatives or events will contribute to our institutional and community values.

All funded projects must support the creation of a [Healthy and Inclusive Community](#) and submissions must fall under one of the three pillars:

1. Health and Wellbeing
2. Equity, Diversity, and Inclusion
3. Sustainability

Decisions for the awarding of funds are made by the LIF committee, which is made up of staff from the Department of Student Life and Equity, as well as IGNITE.

Finding a LIF Initiative Supervisor

After you have developed your initiative or event idea, it is time to find a Staff/Faculty Initiative Supervisor. This person must be willing and able to fulfill the requirements of the role, including overseeing your application, providing support before, during and after your initiative, and facilitating purchasing/payments for your project.

Some tips for finding a Staff/Faculty Supervisor

- Start with Staff or Faculty you already know and ask them if they meet the requirements for the LIF supervisor role and if they would be willing to take on the role. You will want to share information about your initiative idea, as well as information about the LIF and the LIF project supervisor requirements.

****Please note that the LIF is a new project at Humber, and Staff/Faculty may still be learning about the LIF and what it is. Please be prepared to share this information with protentional LIF supervisors.***

- Contact your program coordinator and ask if they know of any faculty or staff who might be willing to serve as your LIF supervisor.
- The Department of Student Success and Engagement (SSE) is a good source to find a staff member who could qualify as a LIF supervisor. You can request more information regarding potential SSE staff LIF supervisors by emailing lead@humber.ca

RECEIVING LIF FUNDS

You will be contacted after your application is reviewed by the LIF Committee. Successful applications will be given an outline of the approved funding being provided for your initiative.

Please note, the LIF operate on a reimbursement process. Purchasing will need to be facilitated by your LIF project supervisor and all receipts/invoices will be processed by them for reimbursement. All financial documents must be filled out by your Staff/Faculty Initiative Supervisor.

You will be required to keep copies of all purchasing documents and/or receipts in order to track budget spending and reimbursement.

FINAL REPORT

Upon completion of the project, you must submit a final report to the LIF committee. A template will be provided to successful LIF applicants. The final report must include:

- A description of the initiative, goals achieved, challenges faced, learning that occurred.
- Impact information, e.g. the number of students who attended or participated in the project.
- Copies of marketing materials
- Photos of the event/project (where applicable)
