<b>Offer Status</b>	<p>There are several potential offer statuses:</p> <p><b>No Decision</b> means your application is under review. You may or may not have missing requirements. Check the Missing Requirements section in case you have outstanding requirements.</p> <p><b>Final Offer</b> means you have an offer to the program and this offer is firm. You should confirm this offer at <a href="http://ontariocolleges.ca">ontariocolleges.ca</a> to hold your seat in the program. Humber must receive your confirmation by the Confirmation Due By date as indicated.</p> <p><b>Conditional Offer</b> means that there are outstanding conditions that must be met by the first day of classes. These conditions normally include completion of your current high school diploma and/or specific courses. Click on ‘View Conditions of My Offer’ to view outstanding conditions.</p> <p><b>Waitlist</b> means you have been found academically admissible for the program, however at this time we are unable to offer you a seat in the program. Students who have been waitlisted may be offered a seat in the program at a later date. If you are currently registered in these courses and expect to complete them by the end of the school year, your grades will be transmitted to OCAS by your high school and no further steps are required.</p> <p>If you are attending high school outside of Ontario, or if you are a postsecondary school student, you will need to forward your final transcripts at the end of term to demonstrate the successful completion of the conditions of your offer of admissions.</p>
