

Humber College Orientation

Finch West Light Rail Transit Blurb

Whether it's heading to class at Humber College, shopping in one of the vibrant local communities or making other transit connections to travel across the region with GO, MiWay, YRT, and Züm, the Finch West Light Rail Transit (LRT) will be the way to go. With 18 stops across 11 kilometres of rail, there will be no better way to get moving across northwest Toronto. The Finch West LRT project is part of the Ontario Government's commitment to expand transit in the Greater Toronto and Hamilton Area.

Construction is progressing on the LRT line. Locals can see the machines and crews and even watch as structures rise and work moves forward. But to truly see how far the Finch West LRT project is coming along, you really should get above it all. So we have drone footage that shows how far things have come - and where they are going. Check out this [aerial video](#) providing a before and after look at the Finch Avenue West alignment from Fall 2019 to Summer 2020 (Alternate link to progress video <https://videopress.com/v/CgkuFdc4>).

Curious about the light rail vehicles? Grab your [PRESTO card](#) and step inside for a closer look at a [vehicle with no engine](#) - that's transporting people into the future. Humber College is no stranger to our Alstom Light Rail Vehicle mock-up check out [this video](#) from last year's three day visit there.

Learn more about the project [here](#). We encourage you to subscribe to our [Metrolinx blog](#), weekly Toronto West regional [e-newsletter](#) and [Metrolinx Engage](#), as these are additional platforms where we communicate with the local community.

(PRESTO blurb)

Paying with PRESTO has never been easier. PRESTO has a number of contactless ways to instantly and safely load your card to ensure you always have enough funds to travel.

With the [PRESTO App](#), using your iPhone and Android mobile phone, you can now instantly load post-secondary passes (only available on the TTC) using NFC functionality. For more information on how to load funds and passes directly to your PRESTO card, [take a look here](#).

You can also take advantage of Autoload. This feature reloads your PRESTO card automatically when the balance drops below a pre-set dollar amount. Setting it up is simple and it can be done in just a few steps through the PRESTO App or at prestocard.ca

PRESTO can help students save money can in a variety ways:

- 2-Hour transfer (for TTC and 905s)
- Immediate balance protection
- Discounted fare (alternative to paying cash)

Other benefits of PRESTO

- Can be used across 11 transit agencies
- Savings through co-fares
- Ability to add post-secondary passes

Check out PRESTO's [website](#) for more information or use the Live Chat feature on prestocard.ca. If you'd prefer, you could also call the PRESTO Contact Centre at 1-877-378-6123.
