

Applied Research, Intellectual Property and Commercialization Session

Presented by:

Tania Massa

Associate Dean, Applied
Research and Innovation

Land Acknowledgement: Honouring the Land and Peoples of Adoobiigok

Humber College is located within the traditional and treaty lands of the Mississaugas of the Credit. Known as Adoobiigok, the “Place of the Alders” in Michi Saagiig language, the region is uniquely situated along Humber River Watershed, which historically provided an integral connection for Anishinaabe, Haudenosaunee, and Wendat peoples between the Ontario Lakeshore and the Lake Simcoe/Georgian Bay regions. Now home to people of numerous nations, Adoobiigok continues to provide a vital source of interconnection for all.

Agenda

1. What is Intellectual Property (IP)?
2. What are Humber's IP and Commercialization Policies?
3. What IP training is available?

1. What is Intellectual Property (IP)?

Definition of Intellectual Property (IP)

Any form of knowledge or expression created by one's intellect that can be legally protected.

Definition of Invention

Any new and useful art,
process, machine,
manufacture or
composition of matter.

IP Types

Patent: Patents include, without limitation, all inventions, discoveries, know-how (despite the fact that these may not benefit from patent protection) or other material that is patentable under Canadian law, as well as all software that is excluded from "copyrightable material" (whether or not patentable under Canadian law).

- e.g., pharmaceuticals

Reference: Humber's Intellectual Policy <https://humber.ca/legal-and-risk-management/policies/academic/intellectual-property-policy.html>

IP Types

Copyright: Copyrights include, without limitation, all creative works, electronic or paper documents, software (including source code and object code), multimedia or audiovisual materials, photographs, and any other materials that may be copyrightable under Canadian law.

- e.g., music

Reference: Humber's Intellectual Policy <https://humber.ca/legal-and-risk-management/policies/academic/intellectual-property-policy.html>

IP Types

Industrial Designs: An industrial design is the features of shape, configuration, pattern or ornament (or any combination of these features) applied to a finished article made by hand, tool or machine. It may be, for example, the shape of a table or the shape and ornamentation of a spoon. The design must have features that appeal to the eye (Canadian IP Office, Industry Canada).

- e.g., shape of a perfume bottle, furniture

Reference: Humber's Intellectual Policy <https://humber.ca/legal-and-risk-management/policies/academic/intellectual-property-policy.html>

IP Types

Trademarks: Trademarks include a word, a symbol, a design (or a combination of these features), used to distinguish the wares or services of one person or organization from those of others in the marketplace or any other feature that is considered a trademark under Canadian law.

- e.g., Apple, Walmart

Reference: Humber's Intellectual Policy <https://humber.ca/legal-and-risk-management/policies/academic/intellectual-property-policy.html>

IP Types

Trade Secrets: Trade secrets are ideas or know-how (business methods, processes, machines, formulas, patterns and techniques) that are kept secret from one's business competitors.

- ❑ e.g., Coke, Listerine

Reference: Humber's Intellectual Policy <https://humber.ca/legal-and-risk-management/policies/academic/intellectual-property-policy.html>

2. What are Humber's IP and Commercialization Policies?

Humber's Intellectual Property Policy
