Appendix A

Resident Assistant – Professional Expectations

Nature and Scope

A key priority of the Residence Life (Student Success & Engagement, and Campus Services departments) program at Humber College (“Humber” or the “College”) is to ensure that all students in residence have the opportunity to learn and grow in a supportive, diverse environment. The aim of this document is to ensure that all staff act in accordance with this key priority and in line with the values of the Residence Life program. This document serves to outline the additional expectations for staff behaviour while both living and working in residence, particularly with respect to their role modeling, and community, student, and teammate interactions.

Humber’s Residence Life program has a legal obligation to safeguard the health and safety of students, staff, and guests in the College’s residences. To fulfil this obligation, the Residence Life program is committed to employing staff who demonstrate, through selection and performance management measures, superior capacity:

- (a) as a role model, through compliance with expectations outlined below, in all College policies, and several other applicable documents, which may be amended as necessary (i.e. changes to College policies, laws, etc.) from time to time [e.g. the Room & Dining Agreement, Residence Code of Conduct, the Position Description, Non Full Time (NFT) contract, etc.], and,
- (b) through satisfactory conduct and behaviour; and,
- (c) By making independent decisions as a mentor and para-advisor to students in need and as a first-responder in emergency situations.

Identifying Concerns & Sharing Information

As applicable, Residence Life Staff (RLS) shall proactively approach their assigned supervisor, the Residence Life Coordinator (RLC), and self-identify any performance challenges, incidents and personal challenges they are encountering with work. Identifying a concern or sharing information should be done one-on-one with the RLC directly. As trained, RLS are encouraged to address minor concerns directly with teammates if comfortable, but should seek guidance from their RLC if they believe the concern is more serious and/or requires additional support.

1. Role Modeling

- i. RLS must be professional. They are expected to be leaders, role models, and authority figures within the residences and the College community. RLS must recognize that their position affords them a level of influence over students in the residence, and this influence must not be abused. Accordingly, RLS should not behave in such a way as to bring discredit or disrespect to their fellow staff or other members of the College community.
- ii. RLS must ensure they foster and engage in respectful conduct, affiliations, and online interactions with others. A RLS member is required to maintain the utmost discretion in all interpersonal matters, respecting every resident's right to privacy.
- iii. Humber's Sexual Assault and Sexual Violence Policy (2018) states that consent "cannot be given if the perpetrator abuses a position of trust, power or authority" (pp. 2-3). Because RLS can be viewed as authority figures within the residence, and have a level of influence over residents, they are expected to refrain from entering into intimate/sexual relationships with other residence students in their immediate community. RLS are expected to declare any conflicts of interest, pre-existing sexual relationships with any community members, and/or developing relationships of a romantic or sexual nature immediately to their RLC.
- iv. While on duty, or while acting in any capacity of the role, RLS language and behaviour must be inclusive, professional, appropriate, and respectful at all times.
- v. Under no circumstances should RLS confront, argue, or show disrespect towards another staff member, particularly in the presence of residents. In the event of any disagreement, RLS are expected to follow up afterwards to discuss the matter in private.
- vi. RLS must not use posters, signage, language, products, or wear clothing that displays, degrades, or ridicules any identifiable group or persons.

2. Approachability, Availability, & Accessibility

- i. The role of the Resident Assistant includes being available and open to students, which means that quality time must be spent on the floor and in the residence community. For example, Resident Assistants should at times be in their room with the door open, around the floor following up with residents about questions or concerns, and conducting one-on-one check-ins. Resident Assistants will generally be expected to be available to meet with residents for approximately two (2) hours each week in addition to their regular availability during scheduled programs, 1-on-1 conversations, floor meetings, etc.
- ii. Resident Assistants should establish, develop and maintain an open relationship with each member of their community, regularly interacting with each resident, as outlined in the

Transition Support Model. They should be available to residents regularly, and provide information to residents as to when they will be available.

- iii. RLS will have either 24 consecutive hours (one day) off work each week, or 48 consecutive hours (two days) off every two weeks, as required by law. This time off will be coordinated in consultation with the RLC. If a staff member does not request their time off, the RLC will assign this time off for the staff member.
- iv. Resident Assistants must ensure their role is not compromised by a constant person, or constant group of people in their room. A person or group of people who are monopolizing the Resident Assistant's time may intimidate, turn-off, or repel a community member from entering, knocking, or simply asking a question.

3. Confidentiality

- i. Any resident and staff information that is known of, and/or acquired, will be managed in accordance with the Freedom of Information and Protection of Privacy Act, as applicable. Because of this, parents/guardians of the staff member will not be privy to information regarding a staff member's employment or residence status. RLS may at times be provided with information on a "need to know" and confidential basis.
- ii. All incidents are deemed confidential, and are only to be discussed with the necessary personnel. RLS are expected to maintain a high degree of confidentiality in regards to resident and staff-related matters. In many cases the information exchange will be required to move up the supervisory chain, but not out through the peer chain.
- iii. Information sharing such as unapproved discussions, gossip, or other inappropriate communication about residents, incidents, sanctions, crimes committed on campus or in residence, is deemed a breach of confidentiality, and disciplinary action may be taken.

4. Alcohol, Cannabis & Illegal Substances

- i. RLS must not drink alcohol or use cannabis in contravention of the laws of the land, or in violation of the Residence Code of Conduct or the Code of Student Conduct. It is expected that RLS will not possess or use illegal substances during the term of their employment.
- ii. RLS are expected to refrain from acting in any official capacity when they are under the influence of alcohol, cannabis, or any other illicit substance or drug that may cause impairment. For greater clarity, "official capacity" is not limited to work during scheduled shifts. RLS who are impaired by alcohol, cannabis, or any other substance, must remove themselves from any situation where they are acting as a representative of the Residence Life program and Humber College. It is expected that RLS will call for assistance if necessary. This policy (i.e. refraining from acting in any official capacity while under the influence of the mentioned substances above) applies to all aspects within the role, including but not limited to, floor events, activities off-campus, and while living in the residence environment.

5. Weekday & Weekend On-Call Shifts

- i. A **Weekday On-call Shift** is a shift that occurs between Sunday to Thursday nights, starting at 9:00 p.m. and continuing until 3 a.m. A **Weekend On-Call Shift** is any shift that occurs on Friday or Saturday night, starting at 8:00 p.m. and continuing until 5:00 a.m.
- ii. **All on-call shifts (Weekday and Weekend On-Call Shifts)** are shared by all of the Resident Assistants in each building team, resulting in each staff member working approximately two (2) total shifts each week. On average and given a typical work week, a Resident Assistant can expect to be scheduled to work for either two (2) **Weekday On-Call Shifts**, or, one (1) **Weekday On-Call Shift** and one (1) **Weekend On-Call shift**. If a Resident Assistant works a different scenario than was outlined above, it is likely that this is as a result of a team scheduling conflict for that particular month (and would result in the Resident Assistant receiving a much lighter schedule in a different week) or because the Resident Assistant took on a shift from another staff member of their own accord.
- iii. During the on-call shift, the Resident Assistant will not be working and will not be required to remain at their place of work. They will be entitled to eat, sleep, and/or engage in other private affairs or pursuits. If an emergency or urgent situation arises in relation to the residence during that time, the Resident Assistant may be called in to work to assist in responding. Resident Assistant's will be paid their regular rate for the first three (3) hours when they are on-call, regardless of whether or not they are called in to work during this time. If a Resident Assistant is called in to work outside of these first three (3) hours, they will be compensated for the additional time spent working. Resident Assistants will be expected to document the dates and times that they spent working as per the procedures set out during training, and as mentioned in Section 8 (below). As noted above, if Resident Assistants are not called in to work during this on-call period, it is understood that staff are not working during this time. Due to this, Resident Assistants should plan to not do other work-related tasks (run programs, 1-on-1s, emails, etc.). If Resident Assistants want to do other work (such as run programs/events) during their scheduled shift, they need to arrange this at least one (1) week in advance with their supervisor.
- iv. During the on-call shift, staff are required to be reachable by phone, and in a position to come and respond to incidents in residence. This requires that that the staff member is both unimpaired, and able to attend work. Staff are strongly advised to stay on campus, as there is an expectation that there is no more than a 10-minute response time to attend to an incident in residence.
- v. If an incident response commences during a scheduled on-call period, and extends into time that was not previously scheduled (i.e. runs past the end of the on-call shift), the Resident Assistant will be asked to continue to help with the response (if possible, and in consultation with the Residence Life Coordinator on call), and will be compensated for the time that they work.
- vi. The Residence reserves the right to modify the on-call schedule based on need and/or emergency situations, and will work to give appropriate notice in these cases and ensure adequate payment of wages for work.
- vii. In an effort to ensure staff are scheduled for evening and on-call shifts that work well with their own personal schedules, Resident Assistants will be have the opportunity to submit a request for specific dates and times that they would like taken into consideration for advanced scheduling. Additionally, Resident Assistants may request to have shifts changed

in advance with ample notice (at least two business days), and an effort will be made by the Residence Life Coordinator (or designate) to accommodate. Staff members will also be permitted to trade shifts with less than two (2) business days' notice, and for legitimate reasons (such as unexpected classes, exams, etc.). When arranging this, Resident Assistants must involve their Residence Life Coordinator in the request, and/or the Residence Life Coordinator on call if it is during their immediate on call period. The staff member will then also be responsible for communicating the shift change to the various parties (e.g. front desk staff, other on-call staff, etc.). Failure to make proper arrangements for coverage, or any miscommunication resulting in improper coverage or missed shifts, will result in the staff member who was originally assigned the shift being held responsible, including disciplinary action.

- viii. All Resident Assistants have a duty to report all incidents to the Residence Life Coordinator within a period of 24 hours. All incidents of a serious or severe nature must be reported immediately to the Residence Life Coordinator on call as outlined in training sessions and documents (i.e. "When to Call the RLC On Call" document). This includes, but is not limited to, physical aggression/assault, incidents of sexual violence, medical emergencies, concerns for a student's life safety, etc. Incidents where a Resident Assistant is unsure of how to respond or the necessary actions must also be reported to the Residence Life Coordinator on call immediately.
- ix. Resident Assistants respond to emergency and crisis situations, utilising training such as First Aid/CPR, Naloxone response, etc.
- x. On occasion, Resident Assistants may be asked to provide immediate support for emergencies or incidents where additional staff support is required. In these instances, the time spent working (i.e. helping to respond to the emergency) will be recorded and paid accordingly.

6. Administrative Standards

- i. RLS will ensure that all required reports, logs, and documents (Programming Logs, Incident Reports, On Call documentation, etc.) be submitted in a timely manner, as outlined during training. All incident reports and Person of Concern logs are due to a designated RLC within 24 hours of the incident.
- ii. RLS will endeavour to reply to emails (both students and staff) within two business days, unless otherwise indicated. RLS will also communicate regularly with their residents.
- iii. RLS must attend, punctually and attentively, all staff meetings (including team meetings), emergency meetings, committees, and training sessions. There may be no more than one excused absence from staff meeting/event per semester. Permission to miss a scheduled event may only be given by the RLC, prior to the meeting/event.
- iv. RLS should check in regularly, via scheduled one on ones, with the Residence Community Assistant and RLC.
- v. Resident Assistants act as a liaison between residents and College administration, and should keep other Resident Assistants informed of any pertinent information.

7. Weekly Work Expectations & Payment for Work

- i. Work within the RLS role is more variable, given the time of year and expectations within the role (e.g. on-call, training, and Transition Support Model expectations). Although hours may vary as required, typically, RLS will be expected to work between 15-20 hours each week over the course of the year, with the maximum number of hours in a given week being 24 total hours. If there is any possibility or concern that a RLS may work more than 24 hours in a given week or 48 hours in a two-week pay period, the RLS is expected to notify the RLC as soon as possible to determine how best to proceed.
- ii. Staff should anticipate a delay in their first pay due to onboarding processes. This can take up to 6 weeks from when RLS submit all required documentation.

8. Hours & Compensation

- i. For the duration of the contract, which starts in **August 2021**, and ends approximately **May 1, 2022**, Resident Assistant's will be paid according to the student grid, plus 4% vacation pay, less all applicable withholding and deductions, paid on a biweekly basis.
- ii. As trained, Resident Assistants will be expected to document, and share with their RLC, all hours worked within the role on a biweekly basis, including the dates, times, and the nature of work completed. Staff will also be expected to input their hours for approval in the College's payment system on a biweekly basis. Hours will be verified and approved by the Residence Life Coordinator. If hours aren't entered by the individual, they will not be paid. If hours aren't entered on time (as trained), Resident Assistant's will not be paid on schedule.
- iii. Some days anticipate that the Resident Assistant may be asked to work more than eight (8) hours per day (Pre-Service Training in August, Residence Orientation, on-call, etc.). In order to ensure that staff are open and agreeable to working on these occasions, we have prepared an "Excess Hours Agreement" form for staff to review.

9. Training & Additional Expectations

- i. RLS must complete any online summer learning modules by the end of Pre-Service RLS Training. These modules include:
 - The College's online AODA training program
 - Additional tasks as outlined in the summer newsletter

- ii. Pre-Service RLS Training (**Under Review - may be modified for 2021-2022**)

Pre-Service RLS Training is a fundamental requirement for the Resident Assistant role. Training is designed to be a highly engaging, informative, hands-on (or virtual), exciting, and immersive learning experience. At its core, Pre-service training is intended to prepare RLS for supporting students in their community as of move-in day, and to also build important team cohesion amongst staff. The program is anticipated to run for ten (10) days, with occasional evening work and optional socials throughout. Throughout the week, several complimentary (optional) meals are provided, all transportation (if necessary, and also optional) is provided, and some fun (optional) evening socials are offered as well. Staff are provided accommodation in residence during training at no extra charge. A sample schedule will be provided to staff by August, with hard copy schedules for the program being delivered. Most days begin at 9 a.m. sharp, and end roughly at, or shortly after, 5

p.m. Occasionally, there will be days within training that will be longer than eight (8) hour work days.

For each full week of training, staff are paid 40 hours, and staff are welcome to request to see which sessions, teambuilding events, and areas within training are paid and which are not.

RLS are required to reach out to their RLC as soon as they become aware of any potential conflicts with training.

- iii. RLS must be present and attend the following:
 - i. August RLS Training
 - ii. August and January “Move-in” days
 - iii. December and April/May “Move-out” days
 - iv. All Ongoing Training sessions
- iv. RLS must be present for and support any Open House events as assigned by the RLC each term.
- v. Should your employment with Residence Life end for any reason prior to or following the start of your employment contract, you will not be guaranteed another space in residence and may be placed on the waitlist.

10. Breach of Contract

- i. Violations or non-performance of core duties and expectations, as may be articulated in the employment contract and/or by supervisors and/or failure to maintain necessary certifications such as CPR or First Aid, may give rise to disciplinary or corrective action up to and including suspension or termination of employment.

I have read and understood the included **Resident Assistant Position Description** and **Appendix A – Resident Assistant Professional Expectations** documents as described above.
