

Faculty Representative Candidates for **Board of Governors**

Franca Giacomelli

Please re-elect Franca Giacomelli as your faculty representative on Humber's Board of Governors

I have just completed my first term as the faculty representative on the Board and I am asking for your vote for a second term. I am a community-minded member of faculty in The Business School and a very active member of the Humber community. During my 32 years at Humber I have served on numerous College committees including: the Presidential Selection Committee; Academic Council Executive for eleven years (four of those years as Chair); currently in my fifth year as Co-chair of Scholarships and Awards Committee; eighth year as a member of Tragic Events Support Network; and I was Chief Returning Officer for the Board of Governors for 6 years before my election. I have also worked with local and non-profit organizations in my community including school councils (Chair of Parent Council for two schools), various kids' sports organizations, and as a fundraiser for The Weekend to End Women's Cancers.

The past three years have been very good to Humber and I am grateful to have been part of such a hard-working, caring, and effective Board. I have kept open lines of communication with the union local and Academic Council, and I have contributed an "Up at the Board" article for every issue of Newsbreak since joining the Board. Being among the first to complete the Good Governance Certificate from Colleges Ontario is a testament to my commitment to my role. I am asking you to give me the privilege of representing you at the Board for another term. If re-elected, I am prepared to hit the ground running.

Vote Franca Giacomelli on June 5 and 6.

Urszula Kosecka

VOTE FOR A MULTI-DISCIPLINARY VISION OF CHANGE AND FAIRNESS

A Professor and Coordinator of Clinical Research and Regulatory Affairs programs at the School of Health Sciences

It would be a great honour for me, Urszula Kosecka, to represent all Humber faculties at the Board of Governors. Being one the professors for 13 years, I truly understand how much dedication, determination, self-discipline and boundless energy is required of great leadership. We act as leaders for the betterment of all Humber professional programs and most importantly the future careers of our students.

I want to represent your voices of leadership, fairly, effectively and persuasively.

Several years of high-quality program leadership, industry experience, multiple voluntary engagements on several boards and institutional research allows me to contribute to the Humber Board of Governors with a multi-disciplinary vision.

Setting up a new process for gathering faculty opinions will be my priority - **A fair representation truly means expressing different voices.**

VOTE FOR A MULTI-DISCIPLINARY VISION OF CHANGE AND FAIRNESS
