FEBRUARY 28, 2017

Viewing time: 9:00 am to 4:30 pm

North Campus, LRC Bld., Concourse Area
205 Humber College Blvd.
Toronto, ON. M9W 5L7

The International African Inventors Museum is a travelling museum which shares the many contributions persons of African descent have made throughout the world. The display features a range of inventions from the pioneer of Open Heart Surgery, the pioneer in the Field of Synthetic Chemistry, the pioneer of the Modern Blood Bank and much more.

No registration required.
