

# ACADEMIC INTEGRITY AND THE LEARNING ENVIRONMENT

## Everyone Wins

This introductory workshop will focus on Academic Integrity (AI) and its practical application to different learning environments. The benefits to the acculturation of students to learning environments that emphasize a culture of AI, along with the roles and opportunities for faculty in supporting cultures of AI will begin to be explored. A variety of delivery methods including a PowerPoint presentation and group work will be employed throughout the workshop. At the end of this workshop participants will be able to:

1. define Academic Integrity (AI) and the values aligned with AI,
2. explain and summarize the benefits to creating clear and transparent learning environments that feature, support, and strengthen AI,
3. determine how to create learning environments that clearly and transparently embody, support, and strengthen AI.
