Humber's 2SLGBTQ+ ERG is proud to sponsor a workshop from the 519's Omar Ramcharran (they/he). In this workshop, attendees will find out how to keep their 2SLGBTQ+ allyship growing.

Without strong roots, no real growth can happen. Nourishing the foundations for healthy 2SLGBTQ+ allyship requires digging deep into the source of what will feed your work and keep it thriving. Join The 519 Education and Training team for tips on supporting growth year-round with attention and action. Let us help you firmly plant your capacity to hold fast for your 2 Spirit, queer, and trans coworkers, friends, neighbors, and family members.

The session will be virtual. Registered attendees will be provided with a link to the session before it starts. All members of the Humber community are invited to attend the event!
