Humber College's 2SLGBTQ+ Employee Resource Group and the Humber Literary Review present its annual Pride Literary Panel.

Humber College's annual Pride Literary Panel honours and celebrates the work of a number of acclaimed Canadian queer writers. This year's panel includes five renowned and critically acclaimed authors. Our full list of panelists will be provided closer to the event date.

Each of the participating authors will share an excerpt from their most recent work and share anecdotes about their writing careers, as it pertains to their queer identity and addressing 2SLGBTQ+ issues in their work. Attendees will have the opportunity to join in the conversation with the authors and panelists.

All members of the Humber community are invited to the event. The event will be hosted by Vince J. Ciarlo (vincej.ciarlo@humber.ca). If you have any questions, please contact the host. The event is free, and it will be held virtually via Teams.
