

ALUMNI SPOTLIGHT

NAVIGATING EMPLOYMENT AFTER HUMBER

EVERTON JAMIE CAINE

Co-Executive Director,
Harriet Tubman Community Organization
Bachelor Child and Youth Care, 2022.

ACCOMMODATIONS AT HUMBER/UGH

"I met with my Accessibility Consultant for 1:1 coaching on a regular basis...They supported me to advocate for myself within and outside the classroom."

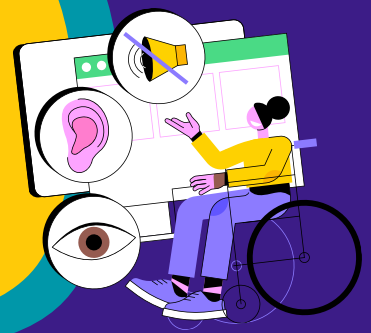

SUPPORTS AT WORK

"Transparency in the employer-employee relationship is important. I have an amazing manager who is open-minded, flexible, and adaptable. In my job, I am able to have extra time to complete work assignments as needed and I use text-to-speech software for documents I read and create. These are some examples of accommodations that were transferable from Humber into the workplace."

DISCLOSING MY DISABILITY

"In terms of disclosing your disability, there is power in what you share, how much you share, when and with whom. Don't focus on what is wrong but rather ask yourself what unique assets, abilities and perspectives you can bring to the job"

HOW CAN HUMBER/UGH HELP?

"Humber could also compile a list of graduates previously engaged with Accessible Learning Services, and provide opportunities for us to connect and share our experience post-graduation, as new alumni."
