NEW

Applied Research Program (Accelerated)

Embark on a rich learning and applied research experience.
The ARP is so much more than getting SEDA-certified! Keep reading…

Research for ALL

Whether it pertains to problem-solving or addressing societal issues, research is for everyone, for you, too. Here is your chance to enhance your professional development with two SEDA certifications offered by Humber's Office of Research & Innovation (ORI):

- SEDA Certificate 1 - **Foundations of Applied Research Design**
- SEDA Certificate 2 - **Enhancing Applied Research Practice**

Inaugural Launch of ARP

We, at ORI, are offering a unique opportunity to participate in launching SEDA certifications in "applied research" right here at Humber. This inaugural season is specifically designed for Humber faculty and staff and is open to everyone.

If you're interested, please reach out to the Dean or department head of your respective faculty or department.

ORI's Special Offer

ORI will sponsor **ONLY** one member from each faculty or department for a full-semester course release for this inaugural launch.

Benefits and Takeaways

- **Research Skillset:** Enhance and develop your research knowledge and project management skills.
- **Mentorship Roundtable:** Receive guidance from specialized instructors from across the globe.
- **Beyond SEDA:** Course development and writing workshops are part of the ARP.
- **Expand your network:** Collaborate with other researchers and like-minded professionals.
- **Make an Impact!:** Build confidence to share and disseminate your applied research insights. Navigate the process of disseminating your research paper or story, identify relevant journals or conferences and other dissemination channels and platforms. Build your research profile and portfolio.
- **Expertise Exchange:** Share your expertise with your new research community.
