

HUMBER

Virtual Event

BE THE CHANGE YOU WANT TO SEE

**Tuesday, 26 October, 2021
9:00 AM - 12:00 PM**

Humber welcomes Kathy Obear, the founder of The Center for Transformation and Change, who will lead us through a workshop - **Be the change you want to see: Co-creating a racially inclusive Humber**. Dr. Obear will guide us further in our learning journey about white supremacy and how it is upheld within our institutions and ourselves, and the role white people can play in driving Humber towards racial inclusion and decolonization. No stranger to Humber and the postsecondary sector, Dr. Obear works with Humber's and other top leaders at hundreds of universities, human services organizations, and corporations across the United States and internationally to create inclusive, socially just environments.
