# DEAN'S MESSAGE

Colin Bartley | Acting Senior Dean  
Longo Faculty of Business

As we near the end of the semester, the **Longo Faculty of Business** is proud to highlight the outstanding efforts of our students and faculty. Their dedication continues to drive meaningful engagement both in our local community and internationally.

Since the fall semester, three Hospitality - Hotel and Restaurant Operations Management students have been studying abroad at the National Kaohsiung University of Hospitality and Tourism (NKUHT) in Taiwan, the first group from Humber to return since the pandemic. Their participation speaks to our ongoing commitment to global learning and hands-on experience that today's industries demand.

Our students are ending the term on a strong note with standout performances in national and international competitions. Business Insights and Analytics student Shyamal earned second place and a \$10,000 prize at the EasyA x Aptos Hackathon. Meanwhile, Esthetician/Spa Management student Haruka brought home gold at Skills Ontario and bronze at Skills Canada. These accomplishments reflect our students' creativity, resilience, and collaborative spirit.

Read on to find out how our students are preparing for industry success and taking their educational pursuits to new heights.
