HIGHLIGHTS:

Entrepreneurial Enterprise Students Partner with Startups for Hands-On Capstone Success

Digital Business Management Student Excels in Longo Innovate and Create Entrepreneurship Program

Paralegal Studies Students Named Finalists at Western Cup Mooting Competition

DEAN'S MESSAGE

Alvina Cassiani | Senior Dean
Longo Faculty of Business

Welcome to another exciting academic year at the **Longo Faculty of Business** where we continue to foster hands-on learning, global opportunities and community engagement.

This past month, Paralegal Studies students Dion and Maria showcased their exceptional skills, earning recognition as finalists at the Western Cup Mooting Competition, while Digital Business Management student, Anton, excelled in the Longo Innovate and Create Entrepreneurship (ICE) program. These accomplishments reflect not only the hard work and talent of our students but also our commitment to fostering future industry leaders.

Our Fashion Management students have taken advantage of international opportunities through research and exchange programs that broadened their perspectives and deepened their understanding of global markets.

In the spirit of community, our culinary faculty and students participated in the 7th Annual TCI Chef's Harvest Party, an event that highlights the significance of giving back and promoting social responsibility.

Additionally, students from the Advertising – Media Management, Business – Marketing, Business Administration, and Business Management programs will compete in the 2024 Ontario Colleges Marketing Competition (OCMC). This provides an invaluable opportunity for students to apply their classroom knowledge in a real-world setting, build industry connections, and showcase their skills to future employers.

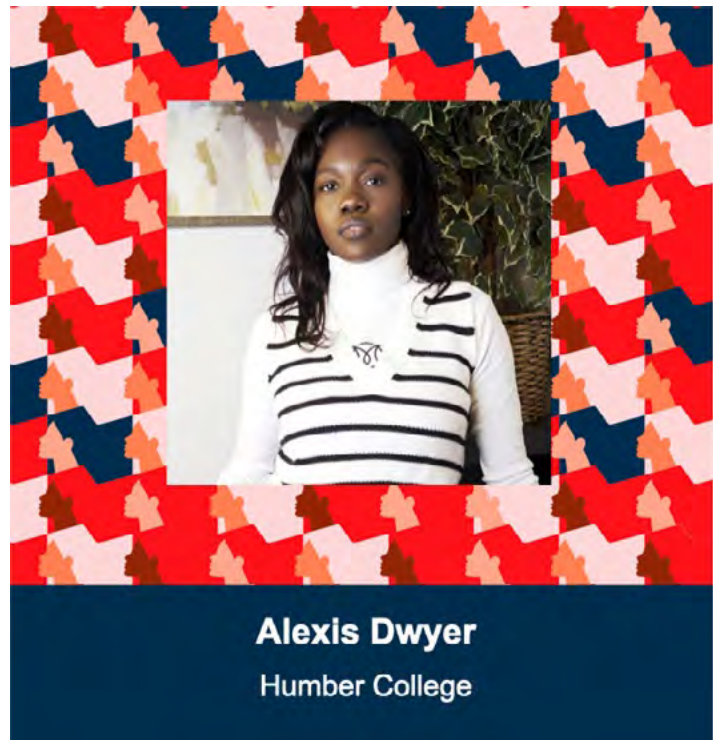

As we celebrate these achievements, let's continue to support one another and strive for excellence in all we do. Read on for more September success stories.
