

Research Participation Opportunity

Are you South Asian, between 18 to 34 years, and living in the Greater Toronto Area (GTA)?

Would you like to be part of an innovative study and receive a gift card?

In collaboration with Klick Health, the Centre for Innovation in Health & Wellness is recruiting students for a unique study using voice-based detection to identify prediabetes in Ontario's South Asian population.

To learn more, scan the QR code and check your eligibility to participate!
