Teaching Innovation Fund
Application

A support package including $1200 per investigator, a SoTL research guidebook, mentorship and assistance from the CTL, and a network of peers, to help faculty develop and conduct a project focused on a teaching and learning research question.

Applicant Information:

Project Title:	
Principal Investigator:	
Status: (Full-Time/Part-Time/Partial-Load)	Choose an item.
Program:	
School:	
Email:	
Co-Investigator (if applicable):	
Co-Investigator (if applicable):	

☐　　　Have you applied to the Teaching & Innovation Fund before?

　　　　If yes, is this: (select one)
　　　　　　　☐ A return to a previously incomplete project
　　　　　　　☐ The next phase of a completed project
　　　　　　　☐ A different project, based on a different idea

☐　　　Please check this box if you are currently on probationary status.

Eligibility:
All faculty (full-time, part-time, and partial load) are eligible to hold the fund. Faculty may apply jointly to share a combined, larger fund for a collaborative project. An individual faculty may apply and receive the fund up to three times in five years. The fund cannot support research that contributes directly to credentials.

THE CENTRE FOR
TEACHING
& LEARNING

HUMBER

Project Description:

Briefly, please describe your idea for a research project. What are you trying to discover? What teaching & learning problem will this project address? What change do you think you might you observe in your students as a result?

Would you describe this research project as:

☐ Building or designing a new pedagogical tool or approach
☐ Measuring the impact of a pedagogical tool or approach with students

Project Development:

Applicants are required to attend two 2-hour proposal development workshops, and submit a proposal afterward. Workshop spaces are limited, and will be available on a first-come, first-served basis. **Scheduling of these workshops will occur via Doodle Poll once your application is approved and submitted.**

Approval:

X_____
Principal Investigator

X_____
