

Faculty-led trip - Winter 2025

VIA UNIVERSITY COLLEGE - AARHUS, DENMARK

Dates: March 01 - March 09, 2025

Price: \$1,700 - Bursary of up to \$2,500 for eligible students

EARN CREDIT IN AN UPPER-LEVEL DEGREE BREADTH ELECTIVE

Are you passionate about creating positive change in your community and beyond? This trip to Denmark offers a unique opportunity to explore local and global challenges from a fresh perspective. Working alongside peers from VIA University, you'll engage in systems thinking and design thinking to tackle a diverse range of complex, "wicked" problems affecting Canada, Denmark, and the world.

Through hands-on learning, cultural experiences, and international collaboration, you'll gain new insights into how different countries address current challenges. Come immerse yourself in Danish culture and society, all while building the skills you need to make a real-world impact.

Students must be enrolled in one of the following courses in the Winter semester 2025 to be eligible for the trip:

- Thinking in Systems: How to Understand and Tackle Complex Problems (SOCI 3200)
- Social Entrepreneurship (SOCI 3001)
- Extinction: Biodiversity and Human Action (SCIE 3100)

VIA University College

Located in the heart of Denmark, VIA University College is one of the country's largest and most international universities of applied sciences, offering over 40 programs across eight campuses. With a strong emphasis on the UN Sustainable Development Goals, VIA's programs are designed to build the 21st-century skills you need to make areal difference. VIA works closely with public partners and private industry, developing innovative solutions to today's social challenges. VIA offers cutting-edge courses like: "Design for Change" and "Ideation and Creation", where students work on creative approaches to solving real-world problems.
