**Lakeshore Campus: Weclome Centre WEL302, 8:30-4:30**

Help children learn about Canada's history in a way that is smart, informative, and fun. With the help of some chatty animal friends, Canada: Our Road to Democracy takes readers on an alphabetical journey through the past and present, highlighting the characteristics that define Canada's democracy and its relationship with the rest of the world. Each letter explores a new topic in short, readable paragraphs, and each illustration brings alive the character of this country.

Toronto is not just a financial and cultural capital – it's a really fun place to visit! Just ask Grandma and Grandpa, the stars of a charming and informative children's book about a pair of travel-happy senior citizens who go around the world in search of adventures. In Grandma and Grandpa's Toronto Adventure the curious couple climb the CN Tower, ride the Maid of the Mist, and head downtown for some international cuisine. The book is filled with gloriously colourful illustrations and lots of interesting facts about Toronto.
