

BEYOND COVID-19: GLOBAL SYSTEMS GAP CHALLENGE

JUNE 15 – JULY 17, 2020

In the span of a few months, COVID-19 has transformed how we live and act in the world. Pivoting our systems for a new reality has highlighted social, economic and environmental issues around the globe. It will take collective ingenuity to bridge the gap between solving our immediate needs and innovating change to better support our communities.

THAT'S WHY WE'RE CALLING ON YOU!

During this **FREE** challenge you'll work in a virtual team of four with participants from around the world, and receive support from two Humber mentors. Your mission is to analyze the change you want to see in the world in one of the following areas:

BUSINESS

EDUCATION

**SOCIAL
INNOVATION**

**HEALTH &
WELLNESS**

You'll be guided through using a systems thinking approach to better understand the complex, interconnected landscape of your topic and identify paths to possible future solutions.

The challenge includes skills building workshops, social mini-challenges, global networking, and professional development. You'll be guided by the United Nation's Sustainable Development Goals, the Humber Learning Outcomes, and the Humber Centres of Innovation network to present your findings to a panel of industry and community leaders.

After completing the Global Systems Gap Challenge, you'll receive a Certificate of Participation from Humber and compete for one of the top three **PRIZES!**
