

Virtual Launch of the 2023 edition of Journal of Paralegal Access to Justice

**Thursday, May 23, 2024
2:15 pm to 4:30 pm
Microsoft Teams**

Please join us to virtually launch the 2023 edition of the *Journal of Paralegal Access to Justice*, a publication of the Bachelor of Paralegal Studies at Humber Institute for Technology and Advanced Learning.

This journal provides a forum for licensed paralegals, paralegal students, and paralegal educators to write critically and examine issues related to the scope of paralegal practice and the role of paralegals in advancing access to justice.

In this launch we will hear from the 2023 contributors who asked hard questions about why justice is still out of reach for vulnerable communities on issues such as LGBTQ refugees, migrant workers and detainees, provincial offences backlog, family law tribunals, mental health diversion courts, artificial intelligence, marginalized and indigenous women's communities, and more.

[RSVP by replying to Teams invite, if received. FYI Link can be forwarded. On the day of the event, RSVP and non RSVP guests can use the link to enter the virtual room. Here are the details for Meeting ID: 264 644 184 14 Passcode: Ts9Prj](#)
