

SoTL

LUNCH & LEARN

Eat, learn, and be inspired by faculty SoTL (Scholarship of Teaching and Learning) research projects.

Post-graduate nurses moving into specialty areas of High Acuity, Critical Care and Emergency Nursing require added competencies for rapid assessment and management of the deteriorating patient. **Brenda Ridley (SHS)**, with support from the Teaching Innovation Fund, used the team STEPPS simulation model to develop her students' ability to effectively manage deteriorating patients requiring defibrillation and advanced airway management. What has she discovered so far?
