

Introducing

MATH HEADSTART

Humber's Mathematics Department offers the [Math HeadStart Program](#), a free online resource for students to continue to build their math skills.

Math HeadStart gives students access to notes, videos, practice questions and quizzes on a variety of topics such as Numerical Computations, Fractions, Decimals, Percent, Algebra, Geometry and Graphing.

Start using Math HeadStart today to help you practice math or access it whenever you need a refresher on a math topic.

Sign up is quick and easy. Follow the steps at humber.ca/mathheadstart.
