HEALTHY BUILT ENVIRONMENT

AGING IN COMMUNITY

NEW WORLD OF WORK

At Humber, we are dedicated to fostering collaborative efforts and engagement within our community to amplify our research initiatives. **We believe in the power of collective insights and diverse perspectives to drive impactful change.**

WAYS YOU CAN GET INVOLVED AND CONTRIBUTE TO OUR RESEARCH ENDEAVOURS:

1. **Research Engagement:** Be an active participant in amplifying research within the themes of Healthy Built Environment, Aging in Community, and New World of Work. Your input and involvement are invaluable in shaping our research directions and outcomes.
2. **Education and Student Engagement:** Engage with us through capstone courses, share your expertise as a guest speaker in our engagements, propose course assignments aligned with our research themes, offer field practicums for students or even consider joining our Research Team.

If you are interested in becoming a part of our Communities of Interest for these research areas, please reach out directly to raeshelle.morris@humber.ca
