Nuit Blanche returns to Lakeshore Campus October 4th & 5th

As part of the upcoming [Nuit Blanche](#) event taking place at the Lakeshore Campus on October 4th & 5th, there will be a handful of space closures and impacts on the east side of the campus. Most impacts will take place outdoors and on the event weekend itself. Visible work will begin to occur Wednesday, October 1st as outdoor projects are installed around the cottages, but impacts will be kept to a minimum and travel around the campus will not be affected.

During the event weekend, all Cottages and L Building will be closed for the event and regular activities will be suspended from 12pm Saturday, October 4th until 12 pm on Sunday, October 5th at the latest. Our teams will work diligently to open spaces on Sunday once post-event production wraps up.

Closure notices will be placed at all cottage entrances as well as around the L Building to keep the community updated.
