# February 2022 Update

2021 ONECard Recap

In August 2021, Humber launched ONECard, a digital identification, wallet, and key solution.

To date, more than **7,600** employees and students have successfully downloaded and used the ONECard app.

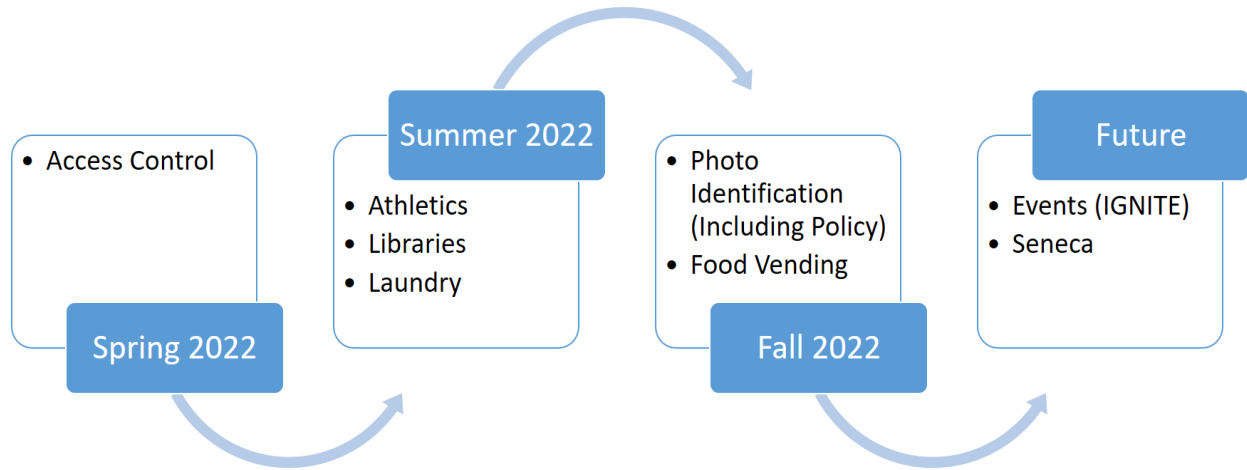

Current ONECard functions include copy and print (academic), dining (dining plan, cafeterias, Boost Mobile, and food outlets), parking (permit and declining balance at North Campus), vending (books and laptops at International Graduate School), and retail (Bookstores).
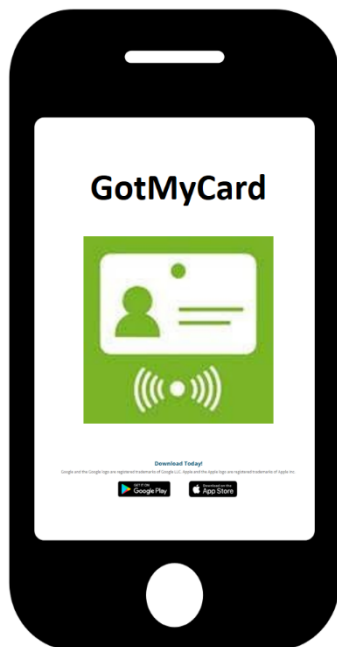

ONECard Usage to Date:

Integration	Transactions
Campus Dining	51,044
Parking	33,360
Academic Printing	24,934
Retail	459

2022 Outlook for ONECard:

More ONECard function integrations are planned in 2022. Here is what Clients can expect:

Spring 2022
- Access Control

Summer 2022
- Athletics
- Libraries
- Laundry

Fall 2022
- Photo Identification (Including Policy)
- Food Vending

Future
- Events (IGNITE)
- Seneca

Details regarding each new function will be shared closer to the release date via Communique and the ONECard website. Work is also underway to add ONECard to Apple Wallet and Google Pay for Fall 2022.
