

Meet Page 1+

Humber Libraries has launched a new library search tool called Page 1+. Access Page1+ from library.humber.ca.

Page 1+ gives you easy access to our collections. With its intuitive design and powerful engine, the tool empowers students to complete their assignments more efficiently and effectively than ever before.

We want to ensure you are prepared for Page 1+, so please consider the following actions and update your course material as needed.

Suggested Actions

- Review your course material for links to eBooks, online articles, eJournals or streaming videos that may need to be updated.
- Replace any screenshots of the Discover search platform or search results with the new Page 1+ versions.
- Check out your library account.

Review Library Links

If you have library links in your course material, identify the source to determine if the links need to be updated.

Links from the following sources should be changed as soon as possible to ensure students have continuous access to the items:

- 1) Discover search platform: URL starts with “humber.summon.serialssolutions.com” or “tinyurl.com”.
- 2) Library catalogue: URL starts with “humb.ent.sirsiidynix.net”.

Note: if the links are part of a Course Resources page created by the Library’s copyright team, that team will update the links for you.

Get Page1+ Links

Search Page1+ for the titles of the items that need updating.

Get the link from the item record. Copy the Permalink and add to your course material where needed.

Page1+ Item Record: Permalink Example

The screenshot shows a library item record for the book "Sociology in action : a Canadian perspective" by Diane G. Symbaluk and Tami M. Bereska. The record includes a book cover, the title, authors, and publication year (2016). It also indicates the book is available at North Library. Below the record, there are four action buttons: Permalink, Citation, Email, and Print. The Permalink button is highlighted with a green box. Below these buttons is a text box containing the URL: https://humber.primo.exlibrisgroup.com/permalink/01OCLS_HUMB/sqmqmu/alma991001013829707314. Below the text box is a button labeled "Copy the permalink to clipboard".

Check Out Your Library Account

Investigate what you can do in Page 1+. Sign-in with your Humber credentials to review your loans, save searches, and perform other tasks. With its single sign-on feature, discovering and accessing resources while managing your research is a seamless experience.

Try these activities:

- Save an item to your favourites.
- Place a hold on a book.
- Set an email alert for a saved search query.

Have Questions?

Page1+ is a major step forward in search capability, but, with any change, some issues may arise. If you have any questions or need help creating new course links within Blackboard, we would like to hear from you.

Please contact your [liaison librarian](#) and they will direct you to the relevant team member for assistance.
