

# Cutting EDGE 2.0

## Group Work: Redesigned, Redefined

Does the idea of group work make you want to head for the hills?

Calling all innovative educators who are looking to try out some new strategies in their teaching.

### What IS Cutting EDGE?

In a nutshell, you innovate in your classroom with help from the CTL, and we measure the impact of your innovation with you and your students.

**This semester, the theme is “Group Work: Redesigned, Redefined”.** Join our research project and learn how to enhance **teamwork with tech!**
