## MONTHLY HIGHLIGHTS

### SIP AND CHILL MOBILE RESOURCES CART – FALL 2025

The Sip and Chill Mobile Resources Cart, launched by the Dean of Students Office in Summer 2024, is back this fall to continue supporting student success across Humber campuses.

The cart makes classroom visits during breaks, offering students free refreshments and quick access to valuable information on services like academic advising, mental health support, and more. Since its launch, the cart has engaged with 2,236 students.

Booking is easy! Professors can schedule a visit to their classrooms, creating a relaxed and familiar space for students to connect with the resources they need.

#### Fall 2025 Schedule

- September & November: North Campus and University of Guelph-Humber
- October & December: Lakeshore Campus
- Downtown and Carrier Drive: Visits will take place on pre-set dates and times. Stay tuned for details!

How to book: Professors can request a visit using the [online booking form](#). Each class is eligible for one visit per semester.
