1. Offer subject to change without notice. Available to TELUS EPP customers who subscribe to eligible plans and enroll with pre-authorized bank payments. The monthly discount will only apply to eligible plans and you must keep pre-authorized bank payments active to maintain the discount. If you or TELUS remove pre-authorized bank payments the plan will no longer be eligible for the monthly discount. All prices do not include applicable taxes. Discounts, promotions, benefits and credits are earned for each full month of service and do not apply to partial billing periods.
2. This promotional offer is subject to eligibility requirements and consists of a ten dollar (\$10.00) monthly pre-authorized payment discount and a twenty dollar (\$20.00) bill credit distributed in equal monthly installments over a twenty-four (24) month period, applicable only to customers who bring their own device (BYOD) and maintain an account in good standing with pre-authorized payment enrollment. The pre-authorized payment discount will be removed if the pre-authorized payment method is cancelled, and early termination of service may result in forfeiture of any remaining bill credits. This offer is non-transferable, cannot be combined with certain other promotions, is subject to change or cancellation without notice, and additional terms and conditions may apply. Taxes extra where applicable.
