

Summer Nature Camp

AT THE HUMBER ARBORETUM

This July and August, let your kids connect to nature without ever leaving the city.

Humber Arboretum day camps are based out of the Centre for Urban Ecology, but campers will spend most of their time outdoors making discoveries in the forest, river, meadows, wetlands, gardens, and ponds of the 250 acre Humber Arboretum.

Active and engaging, our nature camps are for ages 5-13 and take place within the northwest part of the City of Toronto, behind the Humber College north campus.

Nature Camp
